

# Key Highlights

## TAX REVENUES

**Overall:** There is a 4.1% increase for residential and farmland property taxes in 2012; non-residential taxes will increase less than 1% across the three non-residential categories

- The 4.1% overall residential tax increase is driven by increases to the education tax requisition. The Province requires municipalities to collect this tax on their behalf. This requisition increased 8.2% for 2012.
- 2012 tax revenue is budgeted to increase 4% (\$1,254,000) from 2011 level; \$1 million of the increase in tax revenue is related to the education tax requisition with the remaining \$254,000 in increased tax revenue coming from the addition of new properties to the assessment base.

## OPERATING EXPENSES

**Overall:** With amortization, operational expenses are budgeted to increase 5% or \$2,159,000 in 2012.

Without the impact of amortization, operating expenses are budgeted to increase 1% or \$459,000. Amortization is related to assets acquired in previous years and as such is a non-cash item that is not directly supported by tax revenue.

Although there are many small changes within the budget, below is a summary of the significant changes:

- Increase of \$1,720,000 in amortization expense
- Increase of \$983,000 in the education requisition as a result of the 8.2% increase in the amount the County is required to collect on behalf of the Province
- Decrease of \$405,000 related to re-organization cost savings
- Increase of \$90,000 related to an airport manager
- Increase of \$209,000 related to increased funding for recreation, libraries and fire services
- Increase of \$365,000 related to annual wages and salary increases (includes the impact of a 3% overall salary increase)
- Increase of \$358,000 related to Operational Services road maintenance programs.

## CAPITAL PROGRAM

In 2012, the Capital Program is \$16.2 million as compared to \$12.4 Million in 2011. 97% of the County's Capital Program budget is road related

- \$3.1 Million for bridge replacements including the Big Prairie Bridge at a cost of \$2.7 Million
- \$3.4 Million for re-surfacing the Burnt Timber Road
- \$3.2 Million in local road projects including \$1.5 Million for surfacing of Township Road 332 and \$800,000 for road base work on Range Road 12
- \$1.9 Million and \$3.0 Million on the recurring re-gravelling and re-chipping programs respectively

The capital program is funded from \$6.3 Million in tax revenue, \$6.2 Million in grants, \$3.0 Million from reserves and \$0.8 Million in recoveries from 3rd parties.

**Cash Balances** Cash balances are expected to increase by \$2 Million in 2012, driven primarily by an increase in deferred grant funds that are being set aside to fund upgrades to the Acme road in 2013

## RESERVES

**Reserves are budgeted to increase \$203,000**

- Less funds are being put into Operating reserves in 2012 with withdrawals to support local road projects and fire equipment purchases which result in a \$1.0 Million net decrease in Operating Reserves
- Adding funds to the Facility, Recreation Capital and Asphalt Roads Reserves results in a net increase in Capital Reserves of \$1.2 Million

## GRANTS

Provincial and Federal governments provide grant funding to Mountain View (and other municipalities) making it possible to:

- Support expenditures on road infrastructure
- Fund capital replacements
- Provincially the County receives funding under the Municipal Sustainability Initiative (MSI). In 2012, MSI funding is expected to be just over \$4 Million.
- The Federal Gas Tax program is expected to continue with County eligibility at \$700,500 for 2012

As a package, the 2012 Budget sustains the County's strong financial position

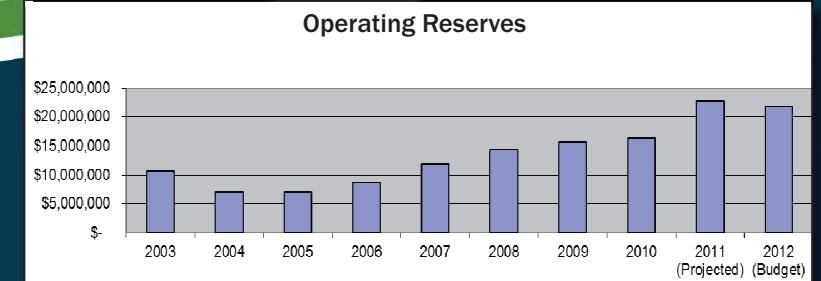

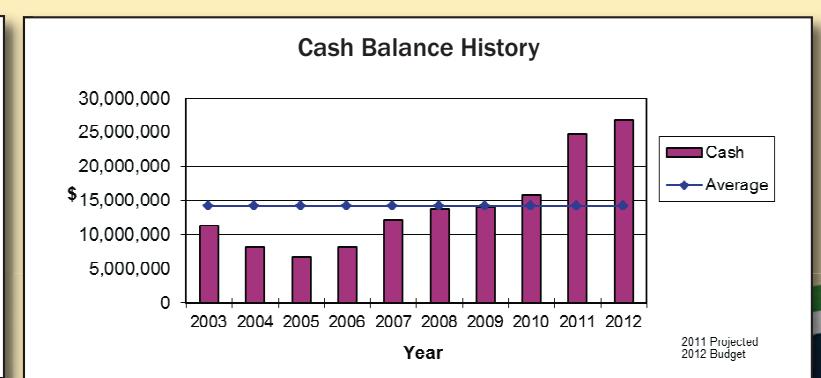

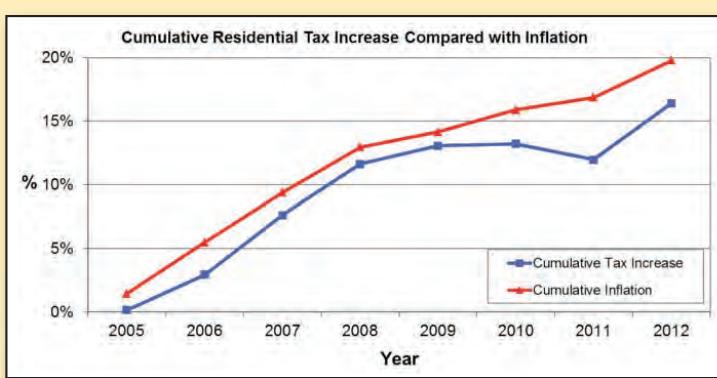

Copies of the Executive Summary for the Budget are posted on [www.mountainviewcounty.ca](http://www.mountainviewcounty.ca) or available as a print document from the County Office during business hours. Questions or comments are welcomed.
