Policy Title: Installation of New Power Lines

Policy No.: 4019

Approval: County Council

Effective Date: July 4, 2012

Supersedes Policy No.: NEW

Policy Statement: Mountain View County will establish Policy with regards to approval and installation of new power lines.

Purpose: To provide Policy direction for approval of new power lines, when Municipal consent is requested, to ensure power lines are installed as efficiently as possible and with minimal impact on the surrounding community and property.

Principles:

1. New power line installation or replacement of existing lines within Mountain View County require Administrative approval prior to installation.
2. Twinning of Distribution Power Lines is not supported in Mountain View County.

End of Policy

Approved: July 4, 2012

Procedure Title: Installation of new power lines on or adjacent to the Road Allowance
Procedure No.: 4019-01
Approval: CAO
Effective Date: July 5, 2012
Supersedes Procedure No.: New

1. Definitions

- 1.1 **New Power Lines** - means no line previously existing at the location and includes all types of power lines requesting municipal consent.
- 1.2 **Twinning of Power Lines** - means the addition of a second Power Line by either the same wire line operator or an additional wire line operator in accordance with a wire line sharing agreement.

2. Procedure

- 2.1 For applications that require municipal consent, requests for approval to Twin Power Lines will be referred to Council for direction. Prior to the request being referred to Council, the requesting party will be encouraged to resolve all disputes that may arise between multiple agencies in accordance with sharing agreements that exist.
- 2.2 Permission requests for construction of New Power Lines or upgrades to existing Power Lines may be approved by the CAO or designate.

End of Procedure

Approved: July 5, 2012
