Procedures

- 1.1 All development permits approved by the Municipal Planning Commission, Administrative Subdivision and Development Approving Authority and Development Officer shall contain the standard conditions as listed on Schedule "A".
- 1.2 The standard conditions can only be amended by County Council on the recommendations of the Municipal Planning Commission, Administrative Subdivision and Development Approving Authority and Development Officer.
- 1.3 The Municipal Planning Commission, Administrative Subdivision and Development Approving Authority and Development Officer may impose additional conditions which are necessary to any development permit approval.

End of Procedure

SCHEDULE "A"

When approved, Development permit applications are subject to the following conditions and such further and other terms and conditions as may be stipulated by the approving authority.

Standard Conditions

1. The provisions of the Land Use Bylaw No. _____.
2. Approval by the approving authority does not exclude the need and/or requirements of the Permittee to obtain any and all other permits as may be required by this or any other legislation, bylaws, or regulations.
3. The Development Officer may, by notice in writing, suspend a Development Permit where development has occurred in contravention to the terms and conditions of the permit and/or Land Use Bylaw.

Standard Conditions if Applicable:

4. Landowners shall be responsible for dust control on the County road adjacent to their property.
5. All access approaches must be to County standards. A no charge approach permit is required and can be obtained at the Mountain View County office.
6. An Alberta Land Surveyor is to locate / post the location of the building(s) / structure(s) prior to construction as per the approved sketch. The County shall not be responsible or liable for non compliance with this condition.
7. Prior to issuance of a Development permit in the Flood Fringe, the applicant shall demonstrate that the floor level (including the construction system of the floor) is above the 1 in 100 year design flood. A qualified professional Engineer accredited by APEGA shall provide a detailed site survey and cross section drawings in support of the application.
8. The buildings will be flood proofed to the satisfaction of an Accredited Safety Codes Officer who must provide this documentation to Mountain View County.
9. A rural address is required to be posted on the property. The landowner shall contact Mountain View County to obtain a rural address and the requirements for posting it on the property as per the Rural Addressing Bylaw.
10. No development shall be constructed, placed or stored over an easement or utility right of way; the applicant/owner is responsible for contacting Alberta-One-Call and/or other governing authority.

Permits Associated with Building Construction

11. If the development authorized by a development permit is not complete within twenty-four (24) months from the effective date of the permit, such permit approval ceases and the permit itself is deemed void, expired and without effect, unless an extension to this period has been previously granted.
12. Permittees are advised that they are subject to standards of the Safety Codes Act of Alberta and are responsible to meet the requirements of the Act in regards to building, electrical, gas, plumbing, and private sewage disposal systems. Prior to construction required permits must be obtained from Mountain View County. Mountain View County shall not be responsible or liable in any manner whatsoever for any structural failures, defects or deficiencies whether or not the said development has complied with the Safety Codes Act of Alberta
