

12. ROCK PILES

Policy Statement:

Mountain View County holds landowners responsible for rocks they have placed in County road allowance ditches because the practice creates a safety hazard and problems in maintaining road allowances.

Regulations:

1. Rocks are not to be dumped in County road allowance ditches.
2. Landowners will be held responsible for rocks placed in County road allowance ditches after November 1st, 2000 and are to remove the rocks.
3. Divisional Managers will give the landowners notice regarding removal of the rocks.
4. If the landowners do not remove the rocks, the County will pick the rocks while crews are in the area and will invoice the landowner accordingly.
5. The County is willing to use rocks from landowners' rock piles, with the landowners' permission, when rocks are needed for bridge and culvert projects in the area.

Approved: September 27, 2000
