Click to Activate “Legend”

Click to Activate “Layer List”

Mountain View County, Province of Alberta, Province of British Columbia, Esri Canada, Esri, © OpenStreetMap contributors, HERE, Garmin, USGS, NGA, EPA, USDA.

The written MDP Monitoring Report for 2023 includes Figures 1 – 6 that are available as layers on the Web Map

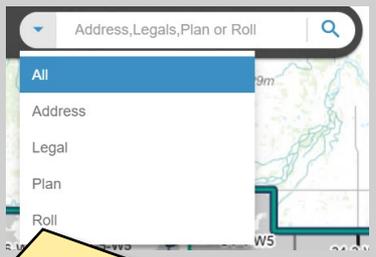

For questions on the Web Map functions please contact Reanne Pohl at 403-335-3311 ext. 219

1) Locating Parcel

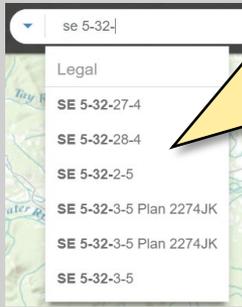

Click drop-down menu to specify type of address being used in search

2) Selecting Address Type

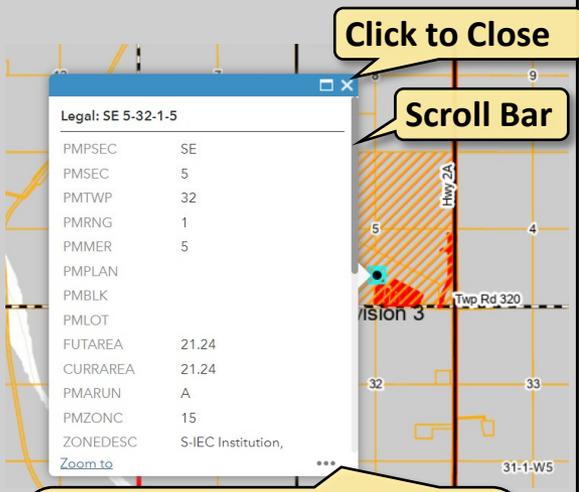

Select if searching by Rural Address (Blue Sign Address), Legal Land Description, Lot Plan Number, Roll Number or All

3) Selecting Property

As a property address is entered, possible options will populate. Click the desired property or enter the entire address and hit enter

4) Parcel Information

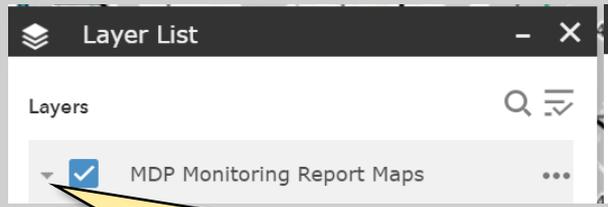

Map will automatically zoom into selected parcel and include a window with some parcel information.

5) Activate Layers List

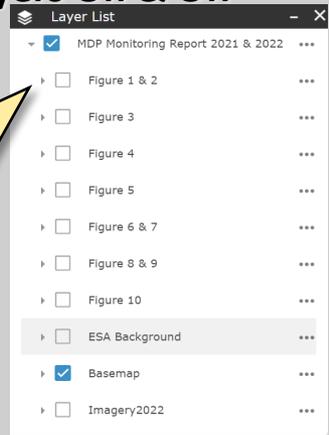

To activate various map features, click "Layer List"

6) Expand Layers List

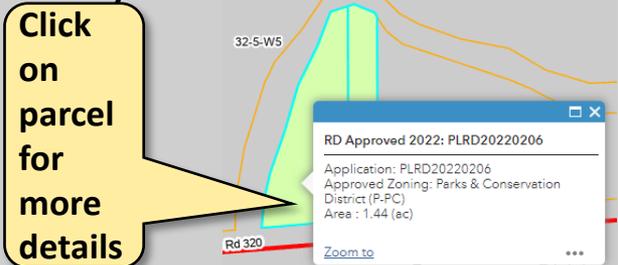

Expand layers list by clicking the arrow

7) Turn Layers On & Off

Turn layers on & off by clicking checkmarks. List can be further expanded by clicking arrows

8) Information on Layer

Redesignation Approvals
