MINUTES

REGULAR COUNCIL MEETING

Mountain View County

		Minutes of the Regular Council Meeting held on Wednesday, M 25, 2022, in the Council Chamber, 1408 Twp Rd. 320, Didsbur AB.	
PRESENT:		Reeve A. Aalbers Deputy Reeve Councillor G. Harris Councillor A. Miller Councillor D. Fulton Councillor G. Krebs Councillor J. Lutz Councillor P. Johnson	
IN ATTENDANCE:		J. Holmes, Chief Administrative Officer C. Atchison, Director, Legislative, Community, and Agricultur Services L. Marshall, Director, Corporate Services R. Morrison, Director, Operational Services M. Bloem, Director, Planning and Development Services L McMillan, Executive Assistant	ral
CALL TO ORDER		Reeve Aalbers called the meeting to order at 8:59 a.m.	
		Reeve Aalbers introduced Council and staff.	
AGENDA		CAO Holmes provided an additional attachment to Council for ite 10.3.	m
	RC22-279	Moved by Councillor Krebs That Council include the additional information for item 10.3 to the agenda of the Regular Council Meeting of May 25, 2022.	
	D 000 000	Carrie Moved by Councillor Harris	
	RC22-280	That Council adopt the agenda of the Regular Council Meeting May 25, 2022, as amended.	
		Carrie	
MINUTES		 Councillor Johnson advised of 2 typographical errors in the Regul Council Meeting minutes of May 11, 2022, as follows: 1. Item 5.2: "country" residential 2. Item 5.3: two "dwellings" 	ar
	RC22-281	Moved by Councillor Johnson That Council adopt the Minutes of the Regular Council Meeting May 11, 2022, as amended. Carrie	
PUBLIC HEARINGS		Carrie	a.
5. 1 - Bylaw #LU 13/22 NW 20-31-1-5			

Reeve Aalbers opened the Public Hearing regarding Bylaw #LU 13/22 and read the Bylaw.

The application for redesignation of the NW 20-31-1-5, was introduced by T. Connatty, Planning and Development Department, and the following information was introduced as provided in the agenda package such as the bylaw, location map, assessment map, site map, and aerial photos. The Planning and Development Department provided specific information to the application as follows:

- To create new residential parcels in alignment with Low Density Residential Development policies.
- Division 3

The Planning and Development Department recommended that Bylaw #LU 13/22 be denied as this application does not comply with the policies of the IDP or the MDP.

The Planning and Development Department advised that all correspondence received was provided to Council.

Ryan Dietz, owner, stated the following:

- Property was bought, with a friend, with the idea to subdivide in the future to be able to have their own title.
- He attempted to apply for a subdivision prior but understood an application wouldn't be accepted because of the IDP process.

Reeve Aalbers asked if there were any comments from the gallery. No one came forward.

Council questions resulted in the following information:

- Before the current IDP, there was a growth center in the MDP around the Town of Didsbury, which has since been removed.
- Applicants are advised at time of pre-application if a statutory plan is under review. In this case it was the IDP with the Town of Didsbury that was under review.
- Administration does not tell applicants they cannot apply.
- Policies in place at time of application will be used, and transition provisions are available for active files/ applications.

Reeve Aalbers asked if there were any comments from the gallery. No one came forward.

In Planning and Development Departments closing remarks, it was clarified that as the application is within the Agriculture Preservation Area of the MDP, the proposal was reviewed according to the policies in Section 3 of the MDP, providing for the consideration of one subdivision resulting in two titles within the quarter section.

The Applicant provided closing remarks.

REVIEWED AND APPROVED FOR SUBMISSION CAO: MANAGER: DIRECTOR: MB PREPARER: TC LEGAL/POLICY REVIEW: FINANCIAL REVIEW:

ADMINISTRATIVE POSITION:

Administration supports a Council resolution based on Option One.

BACKGROUND / PROPOSAL:

Council is being asked to consider second and third readings of Bylaw No. LU 14/22 which proposes to amend Bylaw No. 21/21, being the Land Use Bylaw (LUB), by redesignating an approximate three point seven one (3.71) acres within SE 12-33-4-5 from Agricultural District (A) to Residential Farmstead District (R-F).

Application Overview:

Applicant	SCARROTT, Ronald
Property Owner	SCARROTT, Reginald T & Elizabeth J
Title Transfer Date	August 30, 2002
Existing Parcel Size	158.97 acres
Purpose of redesignation	Create a separate title for the farmstead
Division	6
Rural Neighbourhood/Urban Centre	Eagle Hill/Westward Ho
Bylaw given first reading	April 27, 2022
Bylaw advertised on	May 24, 2022, and May 31, 2022

Key Dates, Communications, and Information:

Application Submitted	January 26, 2022
Application Circulation Period	February 10, 2022, to March 12, 2022
Supportive Information Requested/Submitted	None requested
Application Revised from Submission	No
Communications Received from Referrals	Telus Communications– No objectionsEqus – No objectionsFoothills Natural Gas Co-op- Conditionally approves thesubdivision. They advise of their standard conditions includingany existing right-of-way shall remain in effect and anyinstallation of or improvement of natural gas service is theresponsibility of the landowner. No secondary lines arepermitted to supply natural gas service from one titled propertyto another.Fortis Alberta – No easement is required.
Objections Received and Addressed	No

Applicable Directions, Policy and Regulations:

Intermunicipal Develop	ment Plan	The property is not within an IDP

Municipal Development Plan Bylaw No. 20/20	According to Figure 3 Growth Management Conceptual Strategy the property is within Agricultural Preservation. Section 3.0 Agricultural Land Use Policies.
	3.3.5 (a) The "first parcel out" of a previously unsubdivided quarter section may only be supported by the County for the creation of one additional parcel, subject to redesignation and subdivision application and the provisions of the Land Use Bylaw and the MDP.
	(b) A first parcel out subdivision within the Agricultural Preservation Area or the Potential Multi-Lot Residential Development Area shall be evaluated in accordance with section 3.0 of the MDP.
	3.3.6 The maximum number of titles in the Agricultural Preservation Area should be two (2) titles per quarter section.
	3.3.9 Non-agricultural uses shall be directed to areas that minimize the impact on agricultural operations.
	3.3.10 A farmstead separation, considered a non-agricultural use, may be subdivided from a previously unsubdivided quarter section, where the farmstead has been in existence for a minimum of 10 years or more at the time of application.
	3.3.11 The maximum parcel size for farmstead separations should be 9 acres (3.64 ha) with a minimum parcel size of two (2) acres (0.81 ha). Larger lot sizes may be permitted when required for shelter belts, ancillary buildings, physical characteristics, and land required to provide physical access.
	3.3.12 Farmstead separation applications shall be considered a non-agricultural subdivision and therefore shall require redesignation to an appropriate land use district, and will be reviewed in accordance with the following criteria:
	(i) Demonstration that the Farmstead satisfies the definition of a Farmstead as contained in the Plan;
	(ii) The proposed parcel is a single parcel created from a previously unsubdivided quarter section;
	(iii) The proposed parcel is compact and limited in size to the original Farmstead as defined by physical characteristics, vegetation and shelter belts and such other land as required to provide physical access to the site and does not include cultivated farmland, pastureland or lands suitable for agricultural production as part of the remainder unless included within a shelter belt and the physically defined area of the farmstead.

	Fencing alone shall not constitute a physical defined area of the farmstead; (iv) Access to the proposed parcel is available via direct access or easement or panhandle road to a developed public roadway acceptable to the
	Municipality; (v) The balance of the quarter section is maintained as an agricultural land use; and
	 (vi) Where two (2) detached dwelling units exist on the proposed farmstead separation parcel, the County may consider redesignation and subdivision approval. At the Subdivision stage, the Approving Authority (Municipal Planning Commission or Administrative Subdivision and Development Approving Authority) may deem the additional dwelling legally non-conforming.
Area Structure Plan	An ASP has not been developed for this area
Land Use Bylaw No. 21/21	Section 12.3 R-F Residential Farmstead District <u>Purpose</u> : To accommodate a single residential parcel of land containing the farmstead from an unsubdivided quarter section. Agricultural uses may be accessory to the residential use.
Policy and Procedures	N/A

DISCUSSION:

Land Use and Development

Predominant land Use on property	The quarter is in agricultural production except for the farmstead site.
Predominant development on property	The proposed parcel has a dwelling and accessory buildings, the balance of the quarter is in agricultural production.
Oil and gas facilities on property/adjacent	There is a natural gas pipeline along the western side of the quarter and one commingled well in the northeast corner of the quarter. These facilities are well removed from the proposed redesignation area.
Surrounding land uses	The quarter is surrounding by mostly agricultural lands. There are four unsubdivided quarters and the remaining quarters have one subdivision. The quarter directly west has a small A2 parcel, the quarter to the southwest has one country residential parcel, and the quarter to the northwest has a small agricultural parcel.
Proximity to utilities	The proposal contains a serviced site.

Physical and Natural Features

Waterbodies and wetlands on property	There is a seasonal unclassified stream that bisects the southwest corner of the quarter. According to the Alberta Merged Wetland Data there are marsh areas in the southwest corner of the quarter and the southeast corner of the quarter.
Topographical constraints on property	The quarter slopes gently down towards the southeast corner. No topographical concerns were noted during the site visit.
ESA areas and classifications	No ESA has been identified within the quarter.
Drainage and Soil Characteristics	The quarter is mostly CLI Class 4 soils with Class 3 in the southeast corner. According the AGRASID the Land Suitability Rating System (LSRS) indicates that the southeast corner of the quarter is

	within a polygon with Class 3H soil and the remainder of the quarter has Class 3HT soils.
Potential for Flooding	The yard is well drained, there is a culvert under the approach that allows for drainage along the ditch and a small area on the north side of the driveway can seasonally hold water but does not appear to be a flood risk. The yard is at a slightly higher elevation than the approach.

Planning and Development History

Prior RD/SD/DP Applications	LP 06-026 – Dwelling with attached garage and ancillary
	building.
Encumbrances on title affecting application	None

Servicing and Improvements Proposed

Water Services	Private existing
Sewer Services	Private existing
Stormwater/Drainage Improvements	No improvements proposed
Solid Waste Disposal	No improvements proposed

Suitability Assessment

Land suitable for intended use	Yes
Compatible with surrounding land uses	Yes
Appropriate legal and physical access	Yes
Complies with MDP/LUB requirements	Yes

DISCUSSION:

The applicant proposes to redesignate approximately three point seven one acres from Agricultural District (A) to Residential Farmstead District R-F. This is the first parcel to be removed from the quarter.

BACKGROUND:

This property is located approximately seven miles east and one mile north of the Town of Sundre. The quarter is bordered on the east side by Range Road 40. There is an existing access from Range Road 40 for the proposed parcel as well as the remainder of the title.

According to Canada Land Inventory (CLI) the quarter has two soil classifications, the southeast corner is Class 3 and the remainder of the quarter is Class 4 including the area of the proposed parcel. AGRASID's Land Suitability Rating System (LSRS) has identified that this quarter is within two soil polygons, the southeast corner has Class 3H soil and the remainder of the quarter has Class 3HT. The limiting factors are H – Inadequate heat units for the optimal growth and T – Landscapes with slopes steep enough to incur a risk of water erosion or to limit production. Four of the surrounding quarters have two titles and four quarters are unsubdivided. The surrounding uses are agricultural.

PROPOSAL:

This is a proposal for the first parcel to be removed from this unsubdivided quarter. The applicant has chosen to create a new parcel encompassing the farmstead site. The parcel size is smaller than the maximum size for a farmstead parcel, but it does include a shelter belt and accessory buildings as well as the dwelling. There is a portion of the cultivated field included within the parcel on the north side of the driveway, and this area is at a slightly lower elevation than the surrounding land and seasonally can contain water. During the site visit it was observed that there was an accumulation of water in this area because of seasonal run-off.

APPLICATION HISTORY:

The applicant did attend a preapplication meeting to determine the most appropriate proposal for the property. We did discuss Country Residential as well as Residential Farmstead and compared the two districts and the applicant has chosen the Residential Farmstead District as it is the best fit for the proposed parcel as this is the farmstead for the quarter.

CIRCULATIONS:

Thirteen adjacent landowners were circulated, and no objections or concerns were received. One oil and gas operator was also circulated and did not respond with any concerns about this proposal.

POLICY ANALYSIS:

Municipal Development Plan Bylaw No. 20/20

According to Figure 3 Growth Management Conceptual Strategy the property is within Agricultural Preservation area and this area provides for two (2) titles within a quarter.

The proposed parcel complies with Policies 3.3.5 and 3.3.6 as the first parcel out of the quarter. The proposal also complies with policies 3.3.10, 3.3.11 as this is consideration for a farmstead parcel that was established in 2006 encompassing the farmstead site and is the first parcel removed from the quarter.

This proposal also complies with Policy 3.3.10 being the first parcel out of the quarter for the farmstead site and is smaller than the maximum parcel size in Policy 3.3.11. The proposed area encompasses the farmstead that serviced the agricultural uses on the quarter and includes the dwelling, accessory buildings, and shelterbelt. There is also a small portion of cultivated land included in the parcel, but this area is of lower productivity and should not have a negative impact on the surrounding agricultural uses. The balance of the quarter is intended to remain in agricultural production. The parcel has an established approach to a developed county road and the remainder also has an established approach.

CONCLUSION:

Administration can support a resolution of approval for the proposed redesignation. The application complies with MDP policies and LUB regulations.

Option Oper	That the Desus anen and aloos the Dublic Llearing
Option One:	That the Reeve open and close the Public Hearing.
This motion indicates support	That Council give second reading to Bylaw No. LU 14/22 redesignating the lands within the SE 12-33-4-5. (Approval)

PROPOSED REDESIGNATION/SUBDIVISION SKETCH

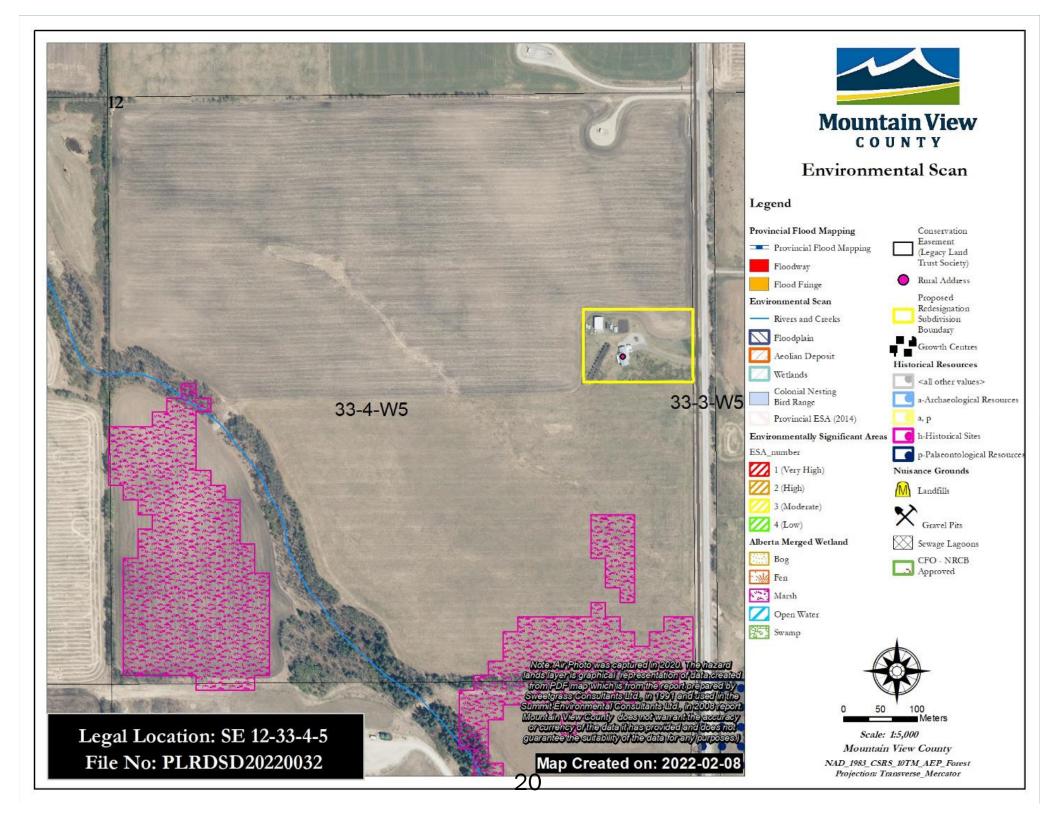

The Site Plan **must** include all of the following information (if applicable) in order for it to be considered complete:

- Location, dimensions, and boundaries of the entire property and of the portion of the property to be redesignated/subdivided;
- Location and dimensions of existing buildings and structures on the property, including distances from property lines. Identify buildings that will be demolished or moved;
- Location and names of proposed and existing roadways, driveways and road approaches;
- Location of existing wells and septic systems;

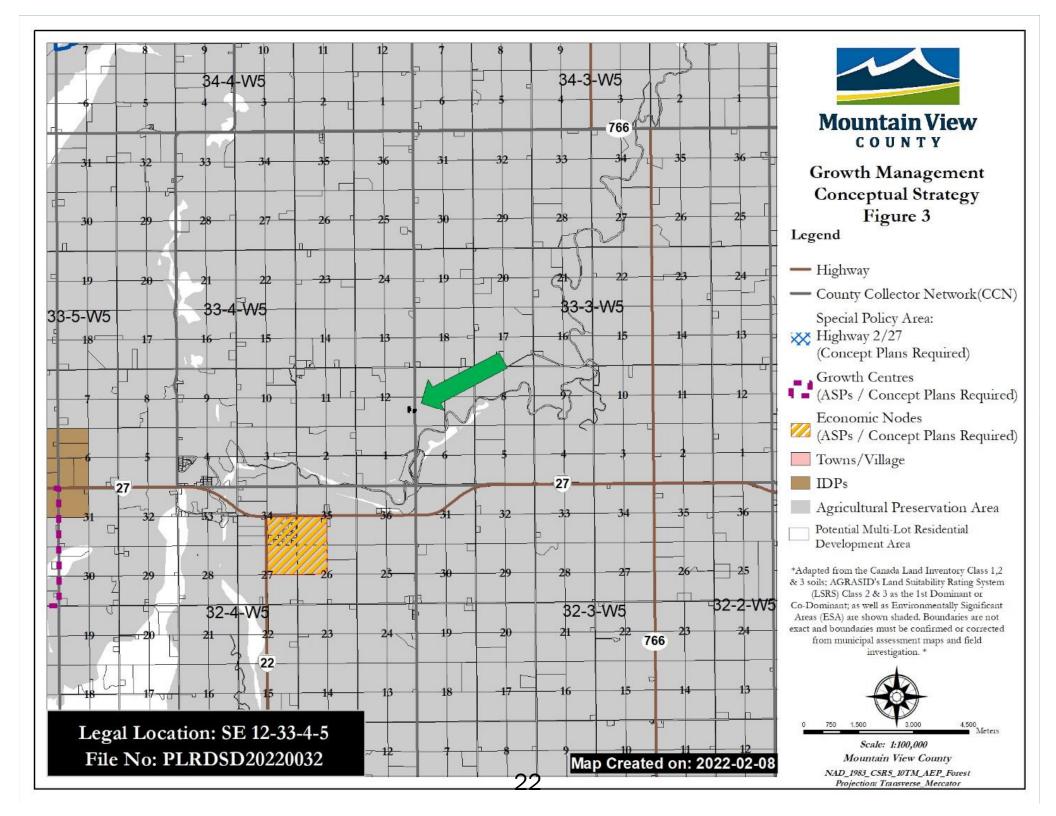

- Location and description of natural site features such as steep slopes, water bodies or courses, woodlots and shelterbelts;
- Location and description of man made site features such as drainage ditches, wells and private sewage disposal systems, gravel working, etc.;
 - Location, dimensions and boundaries of proposed lot boundaries and rights-of-way (if applicable).

Administrative Position

The Planning and Development Department supports Approval for PLRDSD20220032, within the SE 12-33-4-W5M for the following reasons:

- 1. The proposal complies with the MDP policies for a first parcel out subdivision that includes the farmstead site.
- 2. The proposal complies with the LUB regulations for a Residential Farmstead parcel.
- 3. No objections or concerns were received during the referral period.
- 4. The parcel is deemed suitable for the intended use.

ADMINISTRATIVE POSITION:

Administration supports a Council resolution based on Option One.

BACKGROUND / PROPOSAL:

Council is being asked to consider second and third readings of Bylaw No. LU 15/22 which proposes to amend Bylaw No. 21/21, being the Land Use Bylaw (LUB), by redesignating an approximate five point seven five (5.75) acres within NE 17-32-4-5 from Agricultural District (A) to Residential Farmstead District (R-F).

Application Overview:

Application over new.	
Applicant	KOOP, Larry
Property Owner	KOOP, Larry H & Julie A.
	CLARK, Linnus & LEEDAHL, Shari
Title Transfer Date	April 29, 2021
Existing Parcel Size	156.97 acres
Purpose of redesignation	The applicant would like to subdivide the existing residential site
	from the quarter and keep the remaining agricultural land for their
	farming operations.
Division	6
Rural Neighbourhood/Urban Centre	Bergen
Bylaw given first reading	May 11, 2022
Bylaw advertised on	May 24, 2022, and May 31, 2022

Key Dates, Communications, and Information:

Application Submitted	February 16, 2022
Application Circulation Period	March 07, 2022, to April 06, 2022
Supportive Information Requested/Submitted	None
Application Revised from Submission	No
Communications Received from Referrals	AltaLink: No response received.
	Chinook's Edge School Division: No response received.
	Environmental Public Health: No response received.
	EQUS: No objections.
	Fortis Alberta: No easement is required.
	Foothills Gas Co-op Ltd: Conditionally approved the proposed
	subdivision with standard conditions.
	Natural Resources Conservation Board (NRCB): There is a CFO
	within NW 8-32-4-5. The Minimum Distance Separation (MDS) from
	this CFO to a residence on agricultural zoned land is 881 m. The
	MDS to a residence on residential zoned land is 1,175m.
	Sundre Fire Department: No response received.

	<u>TELUS Communications</u> : TELUS will require a Utility Right of Way as a Condition of Subdivision Approval. <u>Loyal Energy (Canada) Operating Ltd</u> : No response received. <u>Adjacent Landowners</u> : The operator of Grace Feedyards Ltd. within NW 8-32-4-5 outlined that there is a Confined Feeding Operation (CFO) within 0.5 miles of the proposed parcel. This CFO has a permit for 10,000 head of livestock (>900 lbs.).
Objections Received and Addressed	N/A

	The quarter to the west (NW 17-32 Country Residential District (R-CR) This area had been a bare resid subdivision in February 2000. This into the quarter through PLRDSD for subdivision through the App Government Board (MGB file No. one lot of approximately 86.46 ac (A) and Country Residential District	in the quarter's southeast corner. lential lot that was approved for a land was later consolidated back 20180109, which was approved eal Process with the Municipal S18/MOUN/CO-034), to become cres with both Agricultural District t (R-CR) zoning.
Proximity to utilities	The proposal contains an establis utilities.	

Physical and Natural Features

Physical and Natural Features	1
Waterbodies and wetlands on property	There is an unclassified creek located along the west portion of the quarter. This creek appears to be seasonal and is over 420 metres west of the proposal.
Topographical constraints on property	The west portion of the subject quarter is more elevated and generally slopes down to the east. According to AGRASID's Land Suitability Rating System, the landform model for most of the quarter is considered <i>undulating</i> , <i>low relief</i> . The east portion of the quarter, including the proposal area, has a landform model that is considered <i>undulating</i> , <i>high relief</i> .
ESA areas and classifications	There are no ESAs that have been identified within or surrounding the subject quarter. The closest ESA is located over 1.5 kilometres to the east.
Drainage and Soil Characteristics	According to Canada Land Inventory (CLI) data, the subject quarter contains mostly Class 4 soils with some Class 3 soils along the quarter's east and southeast boundaries. The proposal contains both Class 3 and Class 4 soils.
	According to AGRASID, the soils within the subject quarter are rated 3H. This means the soils have moderate limitations due to a lack of heat units. The soils are considered well drained.
	According to the Farmland Field Sheet, the subject quarter contains soils with four varying levels of productivity. The majority of the quarter contains soils that have Farmland Assessment Ratings (FARs) that range from 46.5% to 63.0%. The least productive soils have a FAR of 11.0% and surround the unclassified creek and treed area along portions of the quarter's western and northern boundaries.
Potential for Flooding	There appears to be no risk for flooding.

Planning and Development History

Prior RD/SD/DP Applications	None
Encumbrances on title affecting application	6682ID: Road widening that has been already taken along the easterly portion of the quarter.
	734BM: Uncancelled portion of roadway, along the southerly portion of the quarter.

Servicing and Improvements Proposed

Water Services	The proposal contains an established residential site with an existing water well.
Sewer Services	The proposal contains an established residential site with existing septic system.
Stormwater/Drainage Improvements	No improvements proposed.
Solid Waste Disposal	No improvements proposed.

Suitability Assessment

outdointy hooosonnont	
Land suitable for intended use	Yes
Compatible with surrounding land uses	Yes
Appropriate legal and physical access	Yes
Complies with MDP/ASP/LUB requirements	Yes

DISCUSSION:

The applicant is proposing to redesignate and approximate five point seven five (5.75) acres from Agricultural District (A) to Residential Farmstead District (R-F).

BACKGROUND:

The subject lands are located along Range Road 44, in the rural neighbourhood of Bergen, approximately 13 kilometres southeast of the Town of Sundre. According to Figure 3 Growth Management Conceptual Strategy of the Municipal Development Plan (MDP), the subject lands are mostly within the Potential Multi-Lot Residential Development Area.

The subject quarter is surrounded mostly by agricultural zoned land and five residential zoned lots. The surrounding quarters contain between one and three titles. Most of the quarter has relatively productive agricultural land and has been used for cultivation, with the exception of the treed areas and the farmstead.

The subject quarter is more elevated along its western boundary and generally slopes down to the east. The proposal appears relatively flat, but also gently slopes down to the east. There is a seasonal creek along the west portion of the subject quarter that is well removed from the proposal. According to Alberta Merged Wetland Inventory data, there are no wetlands that have been identified within the subject quarter. According to the Summit Report, there are no identified Environmentally Significant Areas within or surrounding the subject lands. The proposal should have a minimal impact on the surrounding environment.

Within the subject quarter there is an AltaLink power line, one abandoned well and one oil well effluent pipeline. During the circulation process AltaLink and the applicable oil and gas facility operators were notified about the proposal and no responses of conditions or concerns were received. The proposal is located outside of any right of ways and should not be impacted by these nearby facilities.

PROPOSAL:

The proposal is seeking to redesignate and subdivide the site of the original farmstead from this unsubdivided quarter section. The proposal would be considered the first parcel removed from the quarter and is seeking to create a second title as a farmstead removal.

Development within the proposal consists of the original farmstead dwelling from the 1930s, a mobile home, a detached garage, a pump house, a shed and a hip roof barn. The balance of the quarter contains a hayshed. The application states that the farmstead dwelling has been abandoned and is intended to be removed from the site.

The proposal's northern and western boundaries have been configured so that the barn, in the proposal's northwest corner, could meet the setback of 17 metres to the adjacent agricultural parcel. The proposal's southern boundary is located south of a shelter belt. The application states that the cultivated area just east of the mobile home has been included within the proposal boundaries as this is where the dwelling's septic system is located.

Access to the proposal can be made via Range Road 44 to the east, also known as Westward Ho Road. This is a hard surface road with good site lines. Road widening has already been taken along the easterly portion of the quarter and is reflected on Title through 3682ID. Subject to approval, one Condition of Subdivision will be for the applicant to enter into a road widening agreement for the southerly portion of the quarter.

CIRCULATIONS:

EQUS responded that they had *no objections*. Fortis Alberta responded that *no easement is required*. Foothills Natural Gas Co-op Limited responded that they conditionally approved the subdivision application and provided standard conditions.

TELUS Communications responded that a Utility Right of Way will be required, as a Condition of Subdivision approval to protect their existing facilities on the subject lands.

Grace Feedyards Ltd. responded to outline that within NW 8-32-4-5 there is a CFO with a permit for 10,000 head of livestock (>900 lbs). As a result of this information, the application was circulated to the Natural Resources Conservation Board (NRCB) who outlined the Minimum Distance Separation (MDS) from the CFO's outermost manure collection or storage area to a surrounding residence. The MDS for dwellings within an agricultural lot is 881 metres and the MDS for dwellings within a residential parcel is 1,175 metres. An MDS buffer map was created surrounding the entire quarter section, as the CFO operator stated manure storage is not in a fixed location and is only stored for short periods of time before it is spread, according to their NRCB approvals. The buffer map, which has been included as an attachment, shows that the proposal is located outside of the applicable MDS distance.

POLICY ANALYSIS:

The subject lands are located mostly within the Potential Multi-Lot Residential Development Area of the Municipal Development Plan (MDP) but not in an area with an adopted Area Structure Plan; as such, this proposal has been evaluated in accordance with the provisions of the MDP and the Land Use Bylaw (LUB).

Municipal Development Plan (MDP) Bylaw No. 20/20

The application is proposing to create a first parcel out from the quarter as a residential parcel. In accordance with Policy 3.3.5, this application was reviewed under Section 3.0 Agricultural Land Use Policies.

The application is seeking redesignation to the appropriate land use district, Residential Farmstead District (R-F) and is located along the periphery of the quarter, in compliance with Policies 3.3.8 and 3.3.9.

The MDP lists a few other requirements for Residential Farmstead District (R-F) lots, which the proposal is able to meet. The farmstead has been in existence for more than 10 years and is between two (2) and nine (9) acres. The proposal consists of an established residential site and contains development that has been used in connection with the farming operations, which meets the definition of a farmstead.

Although the proposal takes in a small amount of the cultivated areas to the north and south of the access, the boundary configuration is intended to provide the necessary setback distances for the structures to the adjacent agricultural land, while also including the septic field east of the mobile home. The proposal's northern and western boundaries provide the setback necessary to the barn, located in the northwest portion of the proposal. The southern boundary is situated approximately 4 metres from the shelterbelt. The proposal also has direct access to a road and the balance of the quarter shall be maintained as an agricultural parcel.

Through the circulation process it was identified that there is a CFO located approximately a half mile southwest of the subject quarter. The MDS distances were provided by the NRCB, which confirmed that the proposal is located outside of the applicable setback distance. It is noted that MDP policy 3.3.15 that limits subdivision within 800 m of an approved CFO does not apply to this proposal as the subject quarter is further than 800 m from the CFO.

Land Use Bylaw (LUB) No. 21/21

The LUB specifies the parcel size for Residential Farmstead District (R-F) lots to be between two (2) and the maximum deemed necessary to accommodate the farmstead, which the proposal is able to comply with, being approximately five point seven five (5.75) acres. The balance of the quarter shall remain zoned as an Agricultural District (A) parcel and have a final parcel size of approximately one hundred fifty-one point two two (151.22) acres, meeting the minimum requirement of 80 acres.

Although the proposal contains two (2) dwellings, both the older dwelling from the 1930s and the mobile home did not require development or location permits when they were constructed. The application states that the intent is to move the older dwelling from the property. Should the dwelling unit not be removed, Residential Farmstead District (R-F) lots may have up to two dwelling units if the Approving Authority deems the second dwelling legal non-conforming. The proposal complies with the dwelling density requirements and can be considered for redesignation.

CONCLUSION:

Administration can support a resolution of approval for this proposal. The proposal is within the parameters described in the Municipal Development Plan and the Land Use Bylaw. The land is deemed suitable for its intended use as a Residential Farmstead District (R-F) parcel, being the first parcel removed from an unsubdivided quarter section. There were no objections or concerns during the circulation process. The proposal should have a minimal impact on surrounding land uses.

Option One:	That the Reeve open and close the Public Hearing.
This motion indicates support	That Council give second reading to Bylaw No. LU 15/22 redesignating the lands within the NE 17-32-4-5. (Approval)

BYLAW NO. LU 15/22

Being a Bylaw of Mountain View County in the Province of Alberta to amend Land Use Bylaw No. 21/21 affecting NE 17-32-4-5 pursuant to the Municipal Government Act.

The Council of Mountain View County, duly assembled, enacts that Bylaw No. 21/21 be amended as follows:

To redesignate from Agricultural District (A) to Residential Farmstead District (R-F) an approximate five point seven five (5.75) acres (2.33 hectares) in the Northeast (NE) Quarter of Section seventeen (17), Township thirty-two (32), Range four (4), West of the fifth (5th) Meridian, as outlined on Schedule "A" attached hereto.

Received first reading May 11, 2022,

Received second reading _____,

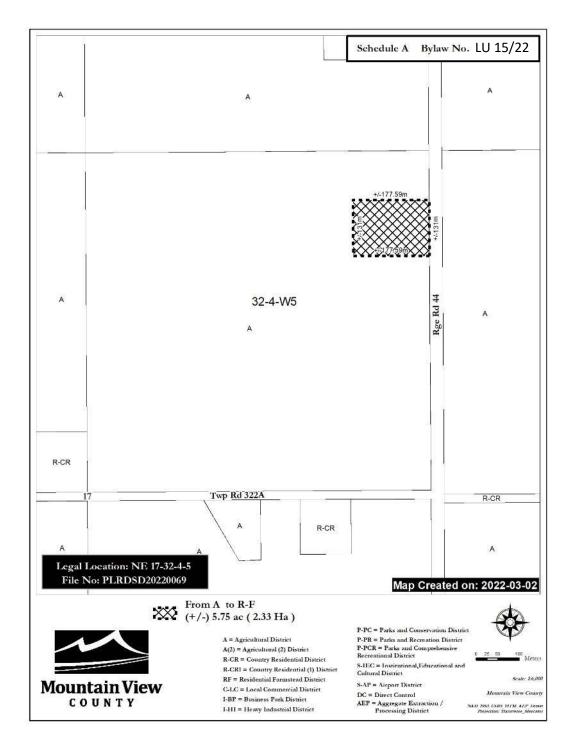

Received third reading _____,

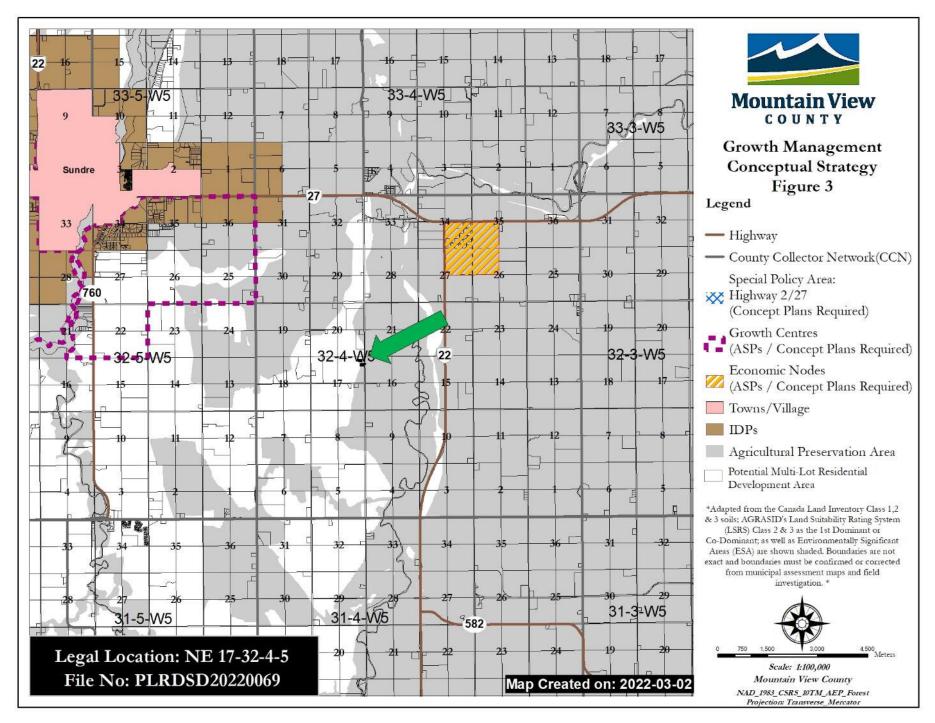

Reeve

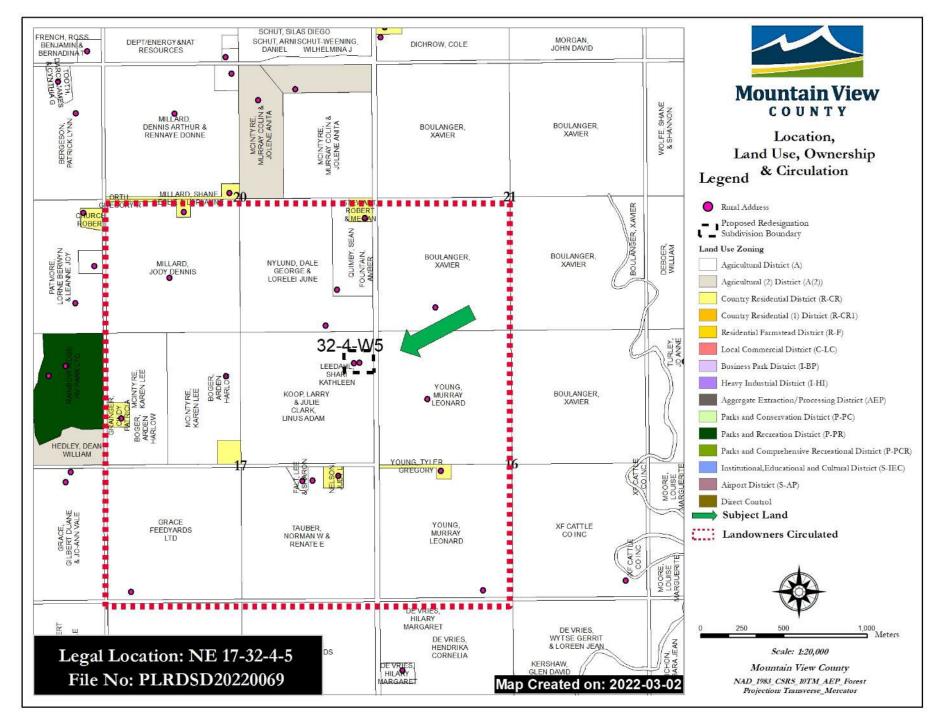

Chief Administrative Officer

Date of Signing

Schedule A

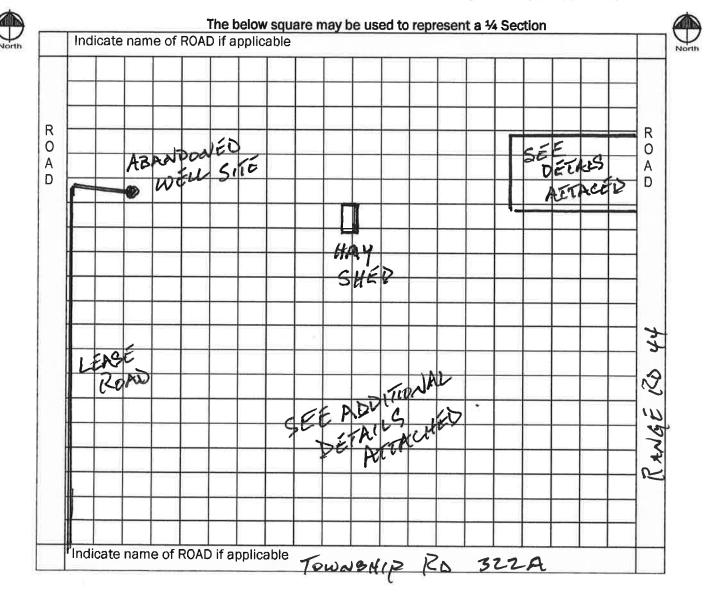

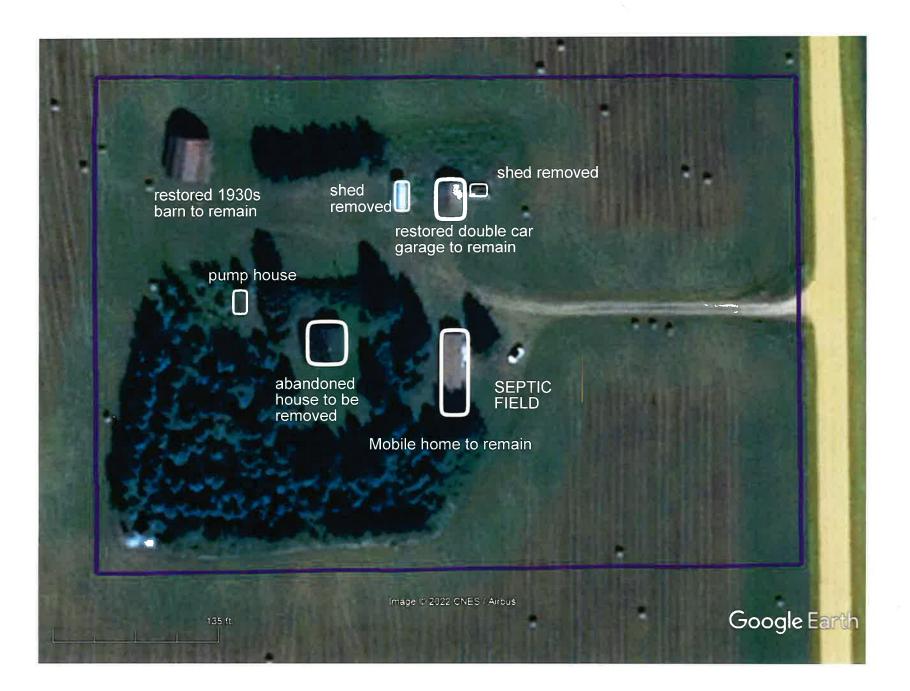

PROPOSED REDESIGNATION/SUBDIVISION SKETCH

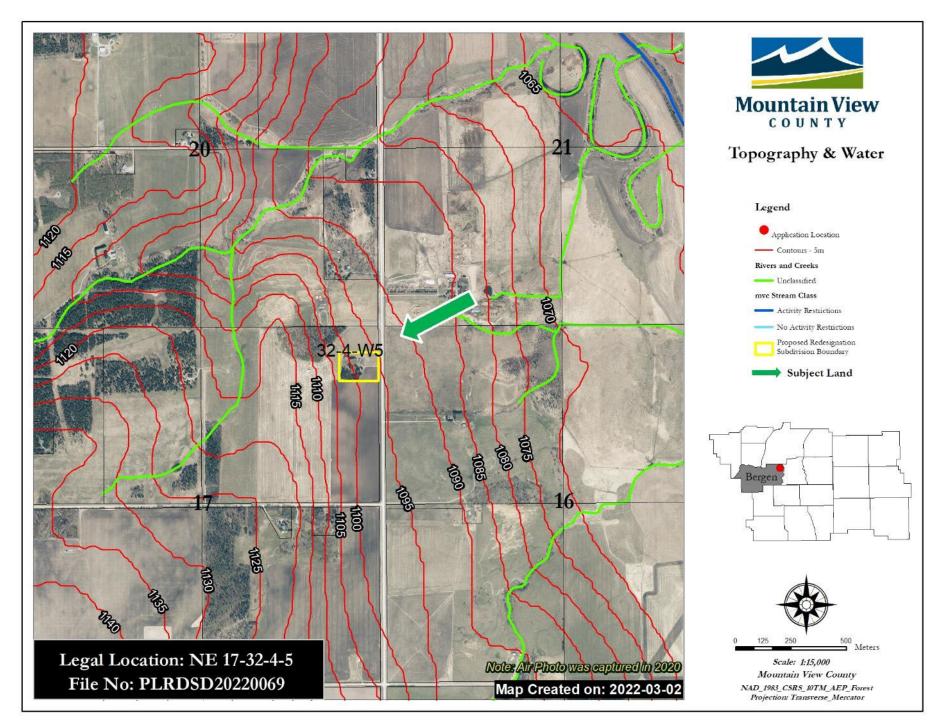

The Site Plan **must** include all of the following information (if applicable) in order for it to be considered complete:

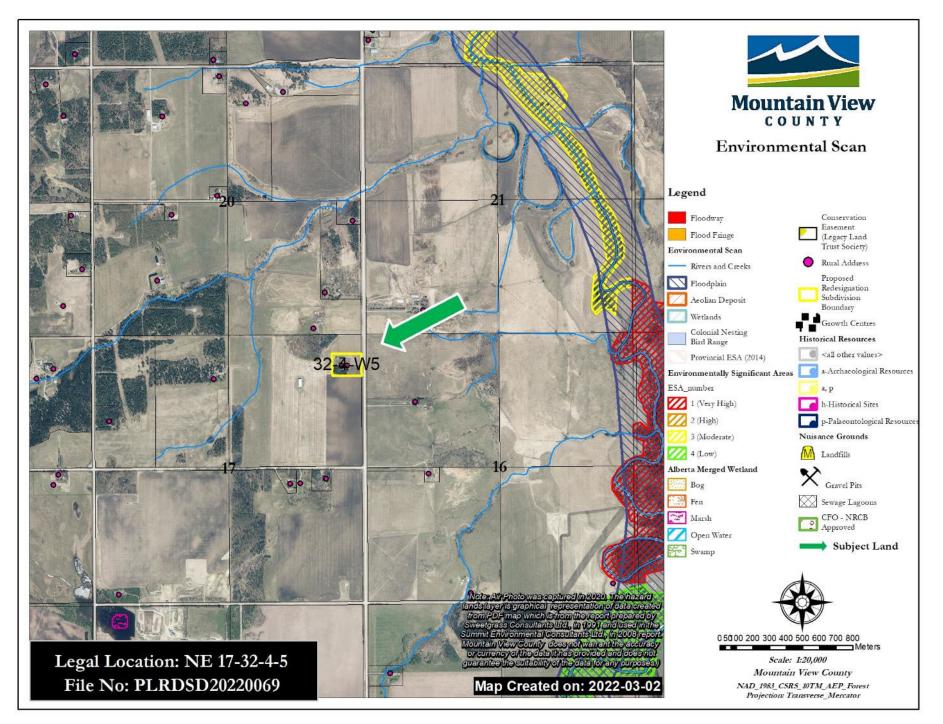

- Location, dimensions, and boundaries of the entire property and of the portion of the property to be redesignated/subdivided;
- Location and dimensions of existing buildings and structures on the property, including distances from property lines. Identify buildings that will be demolished or moved;
- Location and names of proposed and existing roadways, driveways and road approaches;
- Location of existing wells and septic systems:
- Location and description of natural site features such as steep slopes, water bodies or courses, woodlots and shelterbelts;
- Location and description of man made site features such as drainage ditches, wells and private sewage disposal systems, gravel working, etc.;
 - Location, dimensions and boundaries of proposed lot boundaries and rights-of-way (if applicable).

MOUNTAIN VIEW COUNTY DIDSBURY

Mar 16, 2022

Hi Réanne,

For Grace Feedyards the minimum distance separation (MDS) setback for residences on land zoned for agriculture is 881 m and for those on land zoned for non-agricultural purposes (i.e. country residential) is 1,175 m. There are two other MDS categories which relate to residences on high use recreational land and those in large scale country residential developments and urban settings. If you would like to know those setbacks, please let me know.

Please keep in mind that MDS is measured from the outermost manure collection or storage area to the residence.

The Agricultural Operation Practices Act (AOPA) does not preclude any development, including residential developments, from occurring near a confined feeding operation (CFO). That said a development locating within or near the MDS requirement of a CFO will likely experience greater nuisance impacts, such as odour, noise, etc., from the CFO than if it were located outside/further from the MDS.

If you require anything further for this matter, feel free to give me a call.

Regards,

Jeff Froese Approval Officer

Natural Resources Conservation Board

Responses from Circulation of Application

Circulation History:

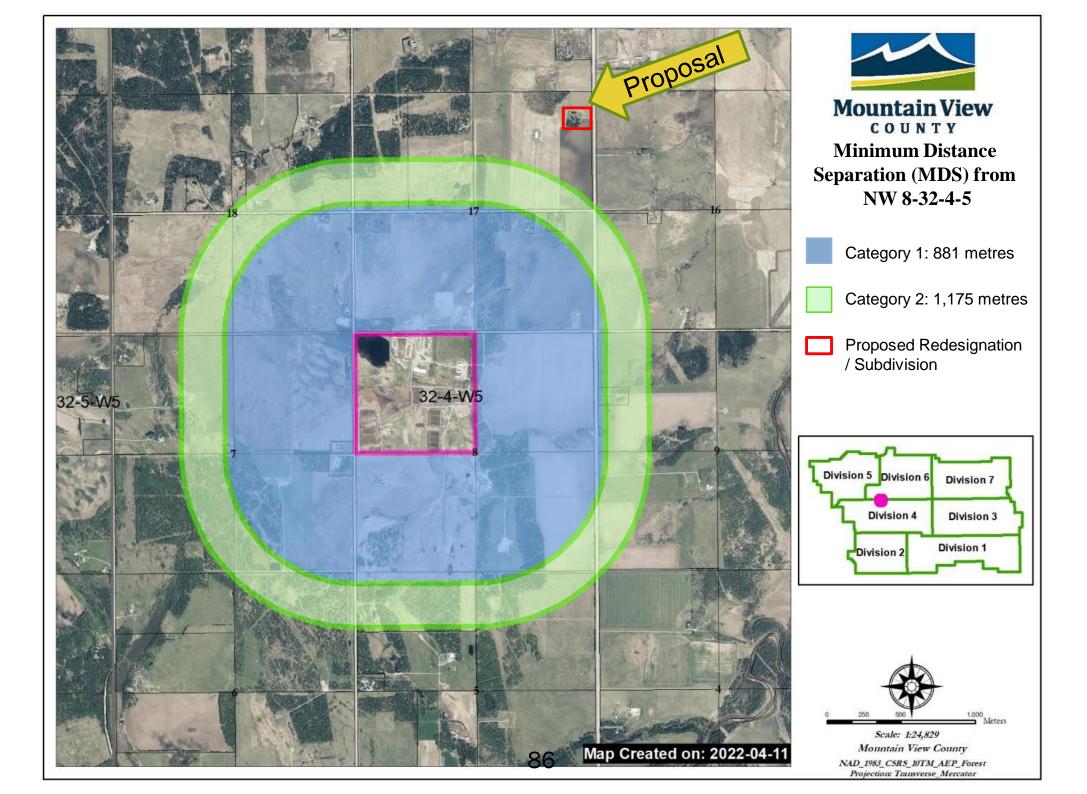

- March 07, 2022, to April 06, 2022: Application circulated to referral agencies and adjacent landowners.
- March 11, 2022: Response received from Grace Feedyards Ltd. outlining location of nearby Confined Feeding Operation within one mile of proposed parcel.
- March 16, 2022: Application was circulated to the Natural Resources Conservation Board.

Natural Resources Conservation Board (NRCB) Response:

Minimum Distance Separation (MDS) is the measurement from the outermost manure collection / storage area to a nearby residence.

- MDS from CFO to dwelling on agricultural zoned land is 881 m
- MDS from CFO to dwelling on residential zoned land is 1,175 m

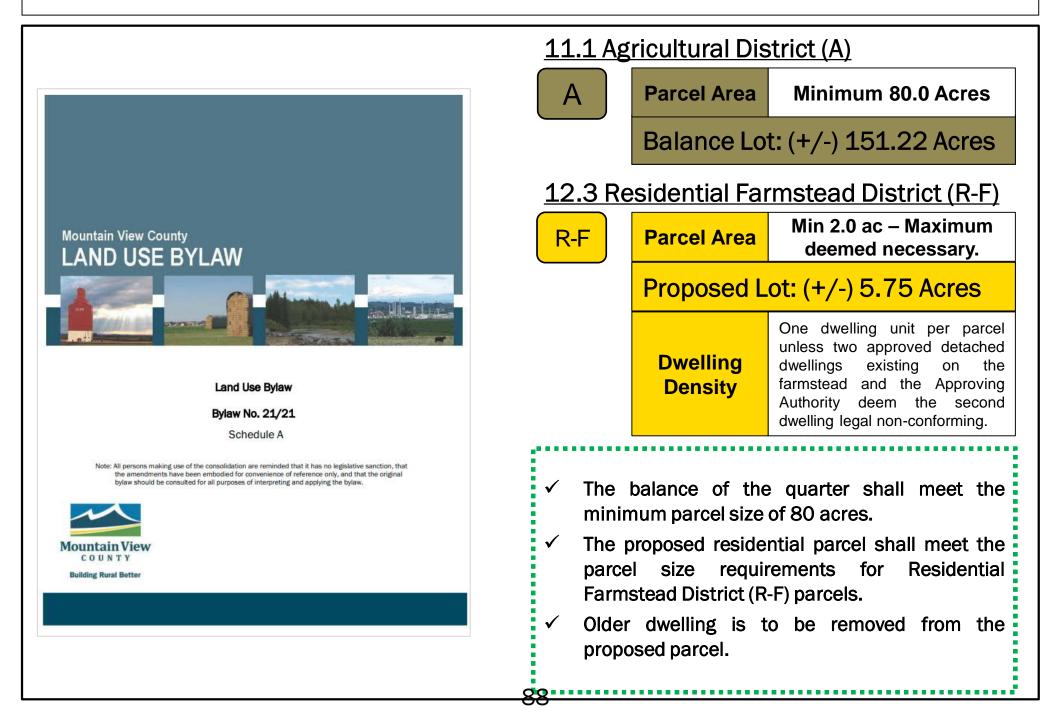

Policy Analysis - Municipal Development Plan Bylaw No. 20/20

3.0 Agricultural Land Use Policies

- 3.3.5 (a) The "first parcel out" of a previously unsubdivided quarter section may only be supported by the County for the creation of one additional parcel, subject to redesignation and subdivision application and the provisions of the Land Use Bylaw and the MDP.
 - (b) A first parcel out subdivision within the Agricultural Preservation Area or the Potential Multi-Lot Residential Development Area shall be evaluated in accordance with section 3.0 of the MDP.
- 3.3.8 All new titles created in an agricultural district for non-agricultural use, shall require a redesignation to the appropriate land use district and a concurrent subdivision application.
- 3.3.9 Non-agricultural uses shall be directed to areas that minimize the impact on agricultural operations.
- 3.3.10 A farmstead separation, considered a non-agricultural use, may be subdivided from a previously unsubdivided quarter section, where the farmstead has been in existence for a minimum of 10 years or more at the time of application.
- 3.3.11 The maximum parcel size for farmstead separations should be 9 acres (3.64 ha) with a minimum parcel size of two (2) acres (0.81 ha). Larger lot sizes may be permitted when required for shelter belts, ancillary buildings, physical characteristics and land required to provide physical access.
- 3.3.12 Farmstead separation applications shall be considered a non-agricultural subdivision and therefore shall require redesignation to an appropriate land use district, and will be reviewed in accordance with the following criteria:
 - i. Demonstration that the Farmstead satisfies the definition of a Farmstead as contained in the Plan;
 - ii. The proposed parcel is a single parcel created from a previously unsubdivided quarter section;
 - iii. The proposed parcel is compact and limited in size to the original Farmstead as defined by physical characteristics, vegetation and shelter belts and such other land as required to provide physical access to the site and does not include cultivated farmland, pasture land or lands suitable for agricultural production as part of the remainder unless included within a shelter belt and the physically defined area of the farmstead. Fencing alone shall not constitute a physical defined area of the farmstead;
 - iv. Access to the proposed parcel is available via direct access or easement or panhandle road to a developed public roadway acceptable to the Municipality;
 - v. The balance of the quarter section is maintained as an agricultural land use;
 - vi. (vi) Where two (2) detached dwelling units exist on the proposed farmstead separation parcel, the County may consider redesignation and subdivision approval. At the Subdivision stage, the Approving Authority (Municipal Planning Commission or Administrative Subdivision and Development Approving Authority) may deem the additional dwelling legally nonconforming.

Farmstead: An established residential site that previously contained or currently contains a dwelling and other improvements used in connection with the raising or production of crops, livestock or poultry, situated on the same land used in connection with the farming operations

Policy Analysis - Land Use Bylaw No. 21/21

Administrative Position

The Planning and Development Department supports Approval for PLRDSD20220069, within the NE 17-32-4 W 5M for the following reasons:

- 1. The proposal complies with the Municipal Development Plan.
- 2. The land is deemed suitable for its intended use as a Residential Farmstead District (R-F) parcel in accordance with the regulations of the Land Use Bylaw.
- 3. The proposal should have a minimal impact on surrounding land uses.

Legacy Land Trust Society

PRIVATE LAND CONSERVATION AND STEWARDSHIP

What? the formal or informal way landowners and land managers maintain land health

Why? Achieves personal goals, ensures environmental stewardship more broadly, other benefits.

How? Land management decisions or implementation of beneficial management practices, conservation programs with NGOs or governments, projects with land trusts.

WHAT IS A LAND TRUST?

- A non-profit, charitable organization
- Accept gifts or acquire land or interests in land <u>voluntarily</u> given or sold for the purpose of conservation
- Hallmark direct action taken to protect the land in trust for future generations

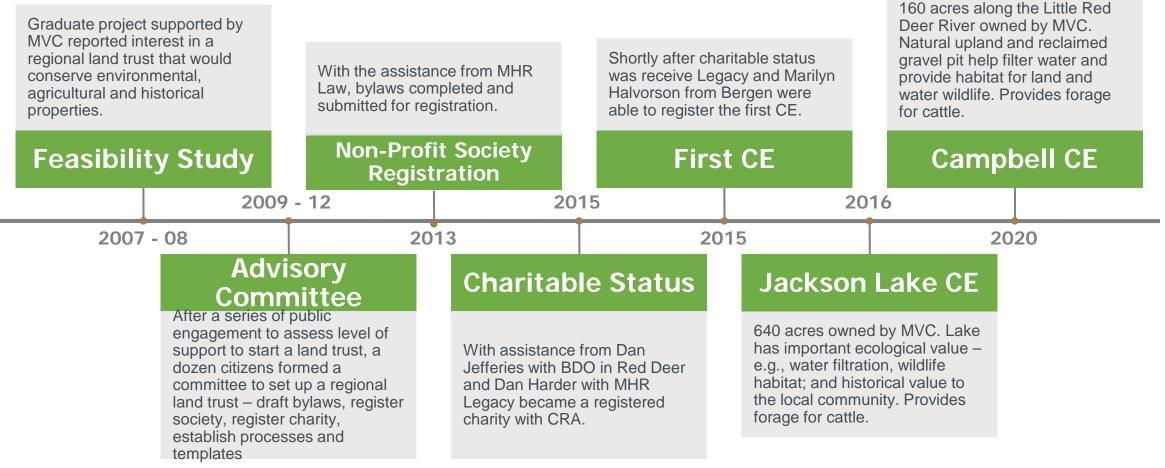

Key Characteristics of a Land Trust

- Conserves natural, scenic, historical, agricultural, and recreational values of land
- Works with interested private landowners
- Uses securement tools, such as conservation easements
- Funded by donations and grants
- Can be small/local to large/national
- Non-advocacy
- Contractual rather than regulatory but tools established by regulation

Mountain View County and Legacy Land Trust Society

How Is Legacy Funded?

• Grants

- Alberta Land Trust Grant Program
- Community Initiatives Program
- Foundations
- Individual donors
 - Monthly, in memorial, campaigns
- Leverage
 - For every \$1 MVC invested Legacy raised an extra \$12

Our Conservation Team

Circle of Friends

240 Members

Conservation Easement Donors

14 Landowners

Financial Donors

Senior Volunteers

Sally Banks, Communications Sarah Leach, Communications George Green, Governance Jim Smith, Past Chair

Staff

Keri Sharpe, Executive Director Mary Jane Block, Conservation Director Patti Gardner, Admin Coordinator

Directors

LEGACY'S GROWING CONSERVATION COMMUNITY

Local Economy

- 2.5 permanent employees
- 1-3 summer students annually for past 5 years
- Hire contractors/professionals regularly for legal, accounting, appraisal, biophysical, graphic design, communications

Community

- 2,500 volunteer hours annually
- Monthly newsletters
- Legacy-Rotary Bluebird Trail
- 3 to 6 events annually
 - Nature walks and stewardship events
 - Workshops/webinars
 - Paint, Pen and Pixels
 - School presentations
- Annual calendar with contributions of local photographers

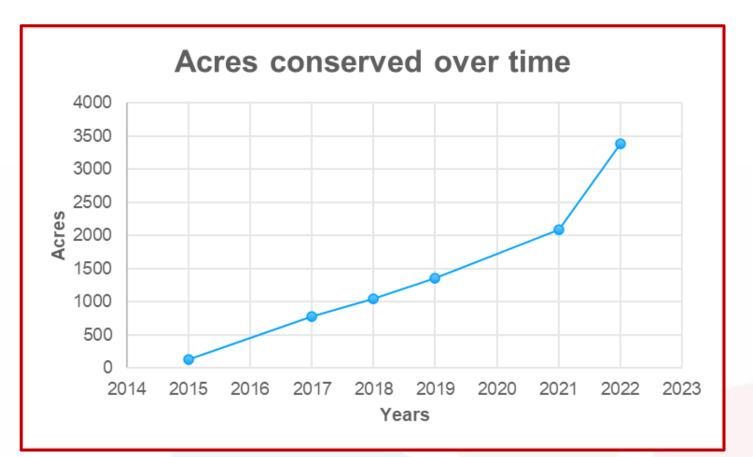

Conservation Projects

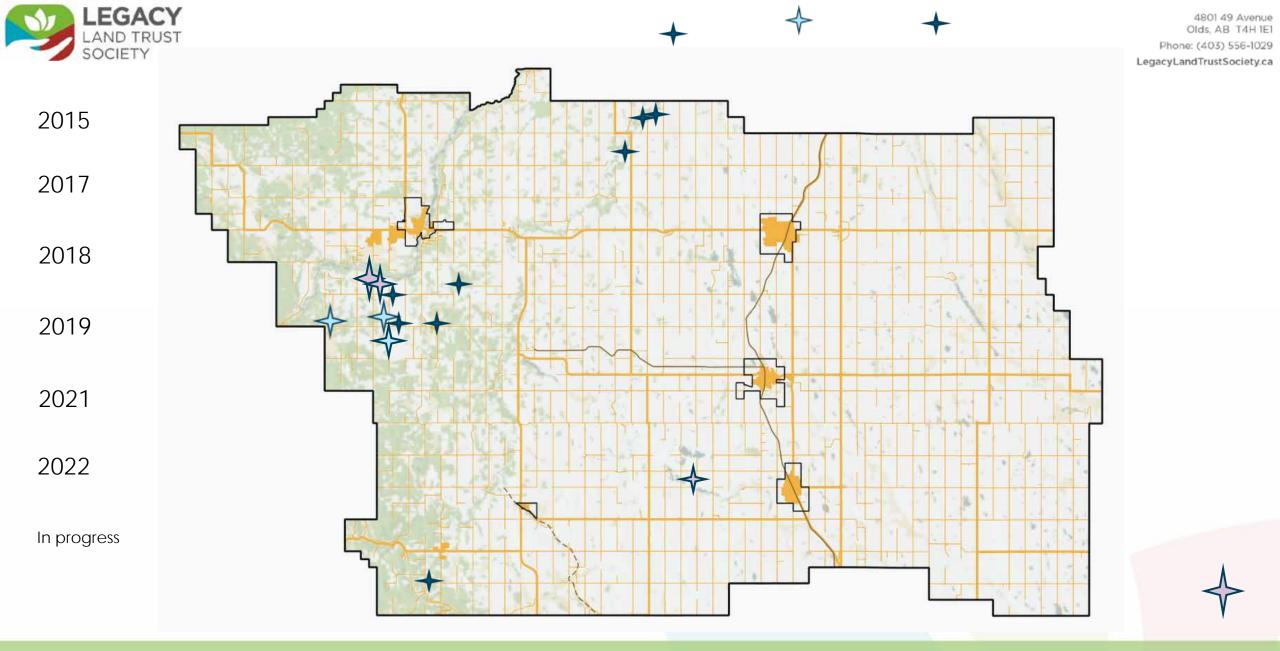

Completed by Year-end 2022

- 15 CEs
- 11 landowners
- ~3300 acres total

Funded and in Progress

- 3 CEs
- 3 landowners
- ~670 acres

LAND TRUST TOOLS

- Primary Tools
 - ✓ *Conservation Easements*
 - Land donations
 - Land purchases
- Secondary Tools
 - Management agreements
 - Lease agreements
 - Education/Extension
 - Land Swaps
- Value-added Tools
 - TDC's
 - Grassbanks
 - Offsets and mitigation

Helping communities conserve land that matters...forever.

4801 49 Avenue Olds, AB T4H 1E1 Phone: (403) 556-1029 LegacyLandTrustSociety.ca

WHAT IS A CONSERVATION EASEMENT?

- Enabled by the Alberta Land Stewardship Act (Part 3, Division 2)
- Purpose of Conservation Easements (CEs)
 - The protection, conservation, and enhancement of
 - the environment
 - natural scenic or esthetic values
 - agricultural land or land for agricultural purposes

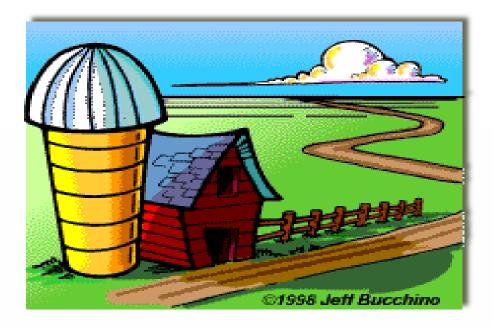

Conservation Easements ...

- A <u>contractual arrangement</u> between a landowner and a qualified organization
- Permanent or term
- Registered on land title
- <u>Runs with the land</u> regardless of owner
- Landowner <u>voluntarily</u> grants certain rights to the qualified organization
- List of <u>restrictions</u>; may include actions
- Regular monitoring

Conservation Easements

Cultivate

Irrigate

Graze

Build

Harvest Trees

Sub-divide

Qualified Org

How Are Landowners Compensated for a CE?

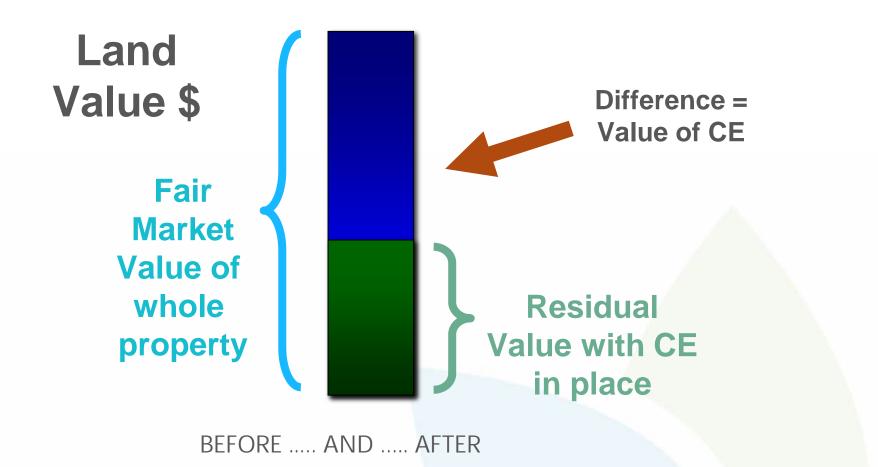

For more common/traditional application of CEs:

- Personal conservation goals achieved
- Tax Receipts
- Some cash

How is CE Value Determined?

Compensation continued

Donation

- Tax receipt
- Eco-gift Program
- Split receipt (partial donation/sale)
 - No more than 80% advantage
- Sale
 - Percent of Fair Market Value
- Development relaxation
 - Municipal discretion

Land Trusts and Municipalities

Program Alignment

- Water Quality and You
- ALUS
- Green Acreages Guide
- Bear Smart
- AWES

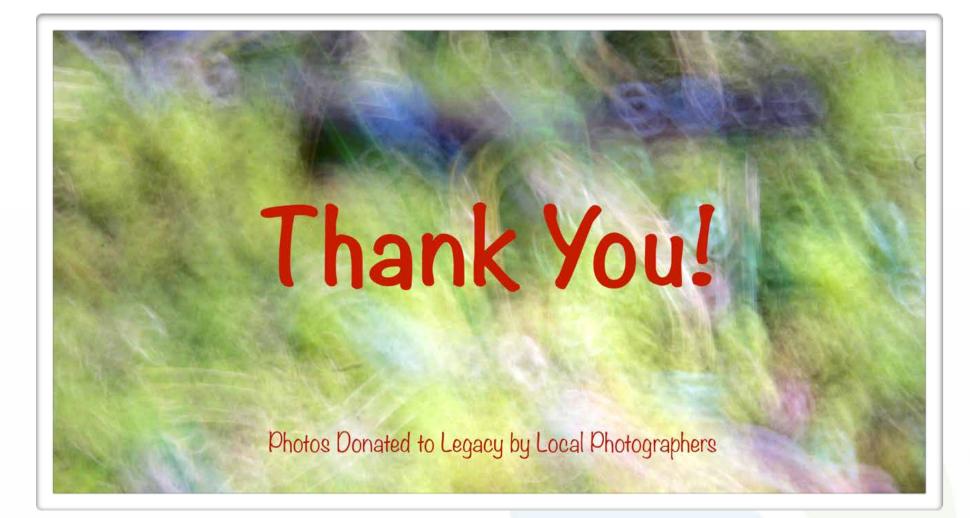

Reconciling Development

- Land Use Bylaw support
- Offsets or Mitigation programming
- Transfer of Development Credits

Helping communities conserve land that matters...forever.

SUBJECT:Bylaw No. 24/22SUBMISSION TO:Council MeetingMEETING DATE:June 08, 2022DEPARTMENT:Planning and Development ServicesFILE NO.:PLRDSD20220141LEGAL:NE 18-29-1-5

REVIEWED AND APPROVED FOR SUBMISSION CAO: MANAGER: DIRECTOR: MB PREPARER: RP LEGAL/POLICY REVIEW: FINANCIAL REVIEW:

ADMINISTRATIVE POSITION:

That Council give first reading to Bylaw No. LU 24/22 redesignating the lands within the NE 18-29-1-5 as contained in the agenda package.

That Council set the Public Hearing for Bylaw No. LU 24/22 redesignating the lands within the NE 18-29-1-5 for July 13, 2022, at or after 9:00 a.m.

BACKGROUND / PROPOSAL:

To redesignate an approximate forty-six point two zero (46.20) acres from Agricultural District (A) to Agricultural (2) District (A(2)).

Application Overview:

Applied for overview.		
Applicant	PHILLIPS, Brett & Gail Arlene	
Property Owner	PHILLIPS, Brett & Gail Arlene	
Title Transfer Date	April 11, 2009	
Existing Parcel Size	160 acres	
Purpose of redesignation	Applicants would like to create a smaller agricultural parcel to support a cow calf operation. The proposal contains pastureland and approximately 12 acres of cultivated land to be used as a hayfield. The surrounding cultivated land is intended to remain on the remnant title.	
Division	1	
Rural Neighbourhood/Urban Centre	Wessex	

Key Dates, Communications, and Information:

Application Submitted	April 05, 2022	
Application Circulation Period	April 22, 2022, to May 22, 2022	
Supportive Information Requested/Submitted	None	
Application Revised from Submission	No	
Communications Received from Referrals	AltaLink: No response received.	
	Chinook's Edge School Division: No response received.	
	Environmental Public Health: No response received.	
	Fortis Alberta: No easement is required.	
	Foothills Natural Gas Co-op Ltd: No response received.	
	Carstairs Fire Department: No response received.	
	Rockyview Gas Co-op: No response received.	
	Cochrane Gas Co-op: No response received.	
	Telus Communications: No objections.	

	Adjacent Landowners: No response received.	
Objections Received and Addressed	N/A	

Applicable Directions, Policy, and Regulations:

Applicable Directions, Policy, and Regulations: Intermunicipal Development Plan (IDP)	The proposal is not in an IDP area.		
Municipal Development Plan Bylaw No. 20/20	According to Figure 3 Growth Management Conceptual Strategy, this property is within the Agricultural Preservation Area.		
	 3.0 Agricultural Land Use Policies 3.3.5 (a) The "first parcel out" of a previously unsubdivided quarter section may only be supported by the County for the creation of one additional parcel, subject to redesignation and subdivision application and the provisions of the Land Use Bylaw and the MDP. (b) A first parcel out subdivision within the Agricultural Preservation Area or the Potential Multi-Lot Residential Development Area shall be evaluated in accordance with section 3.0 of the MDP. 		
	3.3.6 The maximum number of titles in the Agricultural Preservation Area should be two (2) titles per quarter section.		
	3.3.7 The minimum parcel size for a newly proposed or existing agricultural parcel that is the subject of a redesignation and subdivision application, and not a fragmented parcel should be (+/-) 40 acres ((+/-) 16.19 ha). Parcel configuration should reflect the existing conditions and use of the land and shall require redesignation to the appropriate land use district and a concurrent subdivision application. Applications for subdivision of new agricultural parcels shall demonstrate the land being subdivided is being used for agricultural purposes to avoid future fragmentation. Agricultural parcel subdivisions that create more than two titles per quarter section may be considered within the Potential Multi-Lot Residential Development Area.3.3.9 Non-agricultural uses shall be directed to areas that minimize the impact on agricultural operations.		
Area Structure Plan (ASP)	The proposal is not in an area with an adopted ASP.		
Land Use Bylaw No. 21/21	 11.1 Agricultural District (A) Purpose: To accommodate and promote agriculture land uses on larger parcels while having regard for the rural, agricultural character of the area. Parcel Area: Minimum 80.0 acres 		
	11.2 Agricultural (2) District (A(2)) Purpose: To accommodate smaller parcels of agricultural land and fragmented parcels physically separated by permanent or man-made features for agricultural uses. Residential uses are accessory to the agricultural use. Parcel Area: Minimum 40.0 acres or a smaller area redesignated by Council; Maximum 79.9 ac.		
Policy and Procedures	N/A		

DISCUSSION:

Land Use and Development

Land Use and Development			
Predominant land Use on property	The predominant land use within the subject quarter is agricultural. There is also a developed residential site.		
Predominant development on property	The proposal contains a dwelling, an ancillary building, a shed, and a playset. The balance of the quarter is bare land.		
Oil and gas facilities on property/adjacent	Other than a Foothills Natural Gas Co-op line, which is used to service existing development, there are no oil and gas facilities within the subject quarter. There are a few oil and gas facilities surrounding the subject quarter and are summarized in the table below:		
	AmountType of FacilityFacility Status2Development Well1 Cancelled; 1 Abandoned1Oil Well1 Suspended2Battery Site2 Suspended		
	The closest facilities from the neighbouring quarters are an abandoned development well and suspended battery site located in the quarter to the northwest (SW 19-29-1-5). These facilities are over 730 metres northwest of the proposal.		
Surrounding land uses	The subject quarter is surrounded only by agricultural zoned land. Seven of the neighbouring quarter sections are currently unsubdivided, while the quarter to the south (SE 18-29-1-5) contains two agricultural titles.		
Proximity to utilities	The proposal contains an established residential site with existing utilities.		

Physical and Natural Features

Physical and Natural Features		
Waterbodies and wetlands on property	There is an unclassified creek in the northwest portion of the subject quarter and within the proposal boundaries. This creek appears to be seasonal in nature and naturally drains into the quarter to the north (SE 19-29-1-5). There is also a dugout within the pastureland, near the quarter's northern boundary. No other waterbodies or wetlands have been identified within the subject quarter.	
Topographical constraints on property	The south portion of the subject quarter appears more elevated and slopes down to the north and northeast. According to AGRASID, the landform model for the majority of the quarter, including the proposal area, is <i>hummocky</i> , <i>low relief</i> , while the landform model for the southwest portion of the quarter is considered <i>undulating</i> , <i>high relief</i> .	
	The pastureland along the west portion of the proposal has a different landform than the surrounding cultivated land. This area is lower in the landscape and contains native pasture. The land east of the pastureland is more level but also generally slopes down to the east and northeast. The east portion of the proposal contains established development and topography poses no concerns.	
ESA areas and classifications	According to the Summit Report (2008), there are no identified ESAs within or surrounding the subject quarter. According to the Provincial Fiera Report (2014), the quarter to the southwest (SW 18-29-1-5) has been identified as being environmentally significant as it has ecological integrity and contributes to the water quality and quantity for the area. The Report calculates that the ESA rating for this quarter is 0.2001.	

Drainage and Soil Characteristics	According to Canada Land Inventory (CLI) data, the subject quarter contains Class 3 soils.
	According to AGRASID's Land Suitability Rating System (LSRS), the majority of the quarter, including the proposal area, contains soils with an LSRS Rating of 3HT. These soils have only moderate limitations due to a lack of heat units and due to slope. The soils within the southwest portion of the quarter have an LSRS rating of $3H(8) - 5W(2)$. This means that 80% of the soils here have moderate limitations due to a lack of heat units and 20% of the soils have very severe limitations due to drainage.
	According to the Farmland Field Sheet, the subject quarter contains soils with three varying levels of productivity. The majority of the quarter has a Farmland Assessment Rating (FAR) of 79.8%. The southern portion of the quarter has a FAR of 66.9%. The least productive land has a FAR of 30.0% and is the pastureland located within the west portion of the proposal.
Potential for Flooding	The proposal appears to be at no risk for flooding.

Planning and Development History

i la ining and Development history		
Prior RD/SD/DP Applications	 DP20150265: Development Permit for Dwelling, Manufactured (2004) and Accessory Building – Shop was issued by MVC on June 26, 2015. PRBC20150501: Building Permit for Mobile Home was issued by MVC on July 08, 2015. DP20170138: Development Permit for Dwelling, Single Detached with Attached Garage to replace Existing Manufactured Home was issued by MVC on April 25, 2017. BP20170248: Building Permit for New dwelling with basement development was issued by MVC on April 28, 2017. 	
Encumbrances on title affecting application	151 181 043: Utility Right of Way (Rockyview Gas Co-op Ltd)	

Servicing and Improvements Proposed

Water Services	The proposal contains an established residential site with an existing water well.
Sewer Services	The proposal contains an established residential site with an existing septic system.
Stormwater/Drainage Improvements	No improvements proposed.
Solid Waste Disposal	No improvements proposed.

Suitability Assessment: Site assessment evaluation to be done at time of Public Hearing.

BYLAW NO. LU 24/22

Being a Bylaw of Mountain View County in the Province of Alberta to amend Land Use Bylaw No. 21/21 affecting NE 18-29-1-5 pursuant to the Municipal Government Act.

The Council of Mountain View County, duly assembled, enacts that Bylaw No. 21/21 be amended as follows:

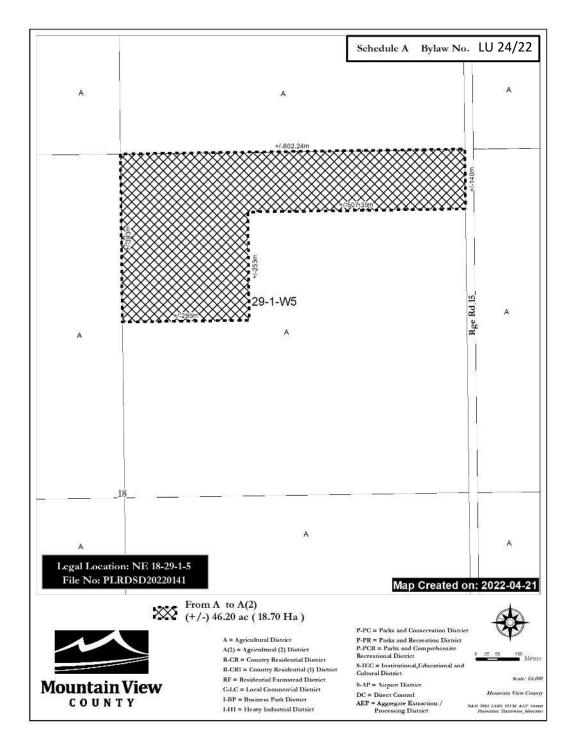

To redesignate from Agricultural District (A) to Agricultural (2) District (A(2)) an approximate forty-six point two zero (46.20) acres (18.70 hectares) in the northeast (NE) Quarter of Section eighteen (18), Township twenty-nine (29), Range one (1), West of the fifth (5^{th}) Meridian, as outlined on Schedule "A" attached hereto.

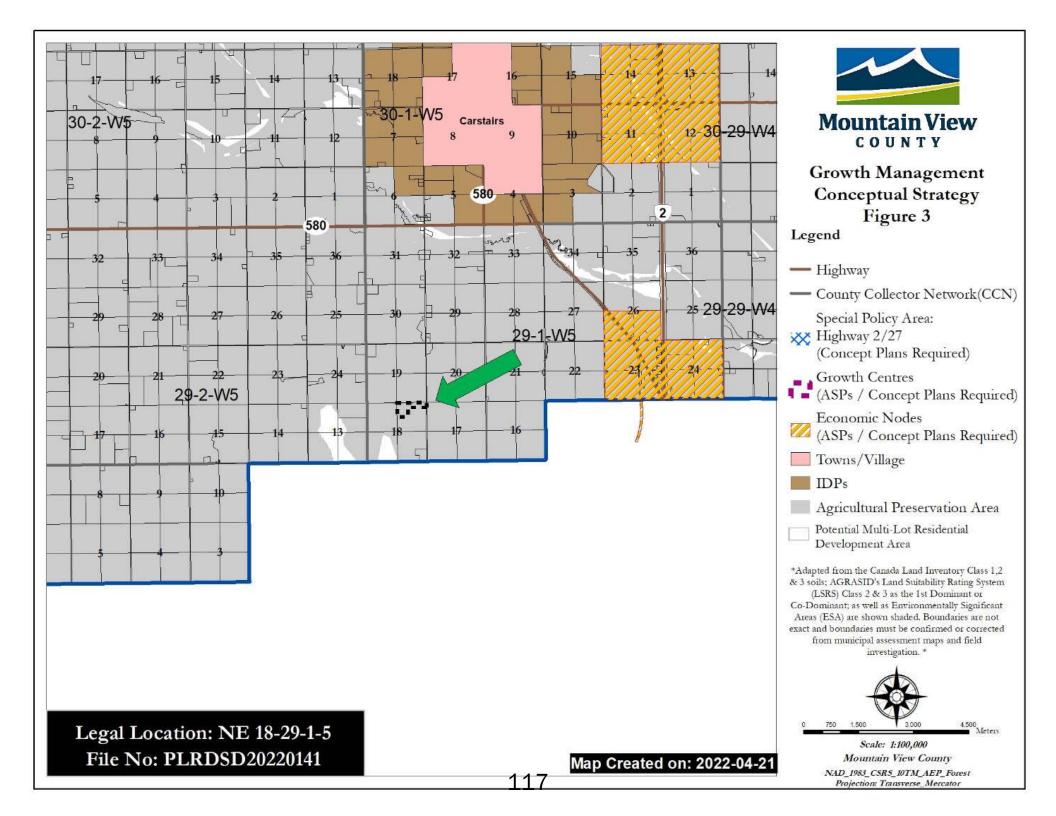

Received first reading _____,

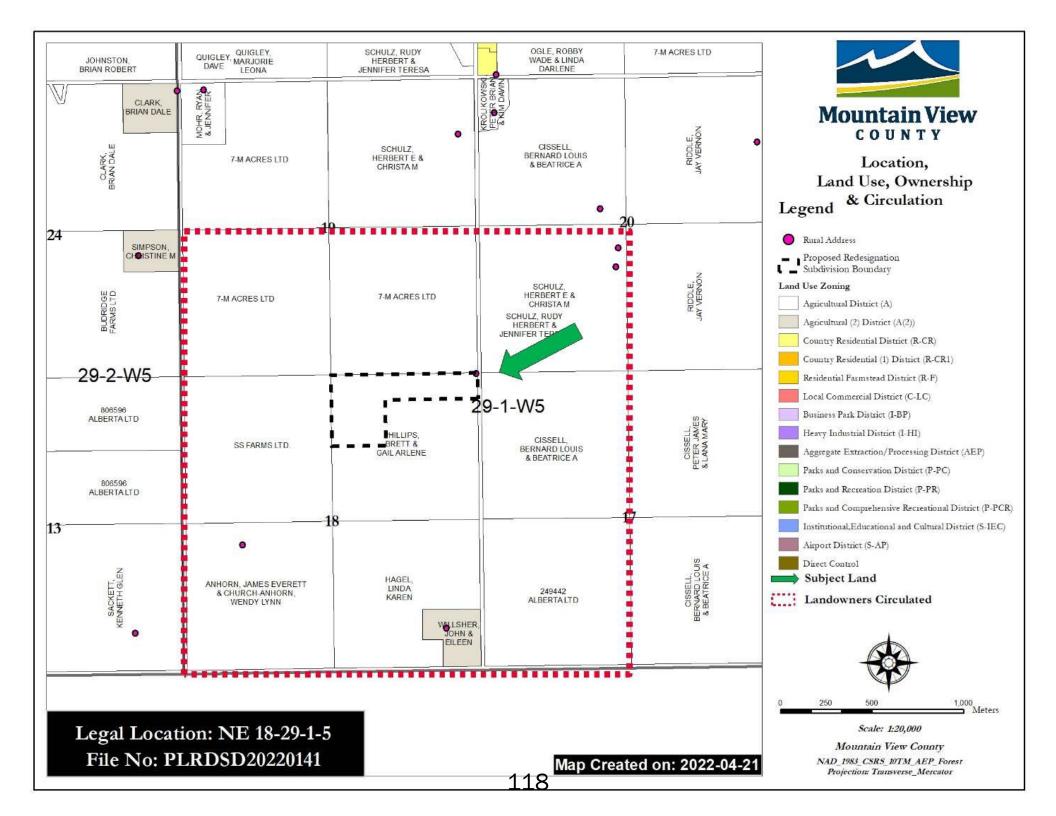

Reeve

Chief Administrative Officer

Date of Signing

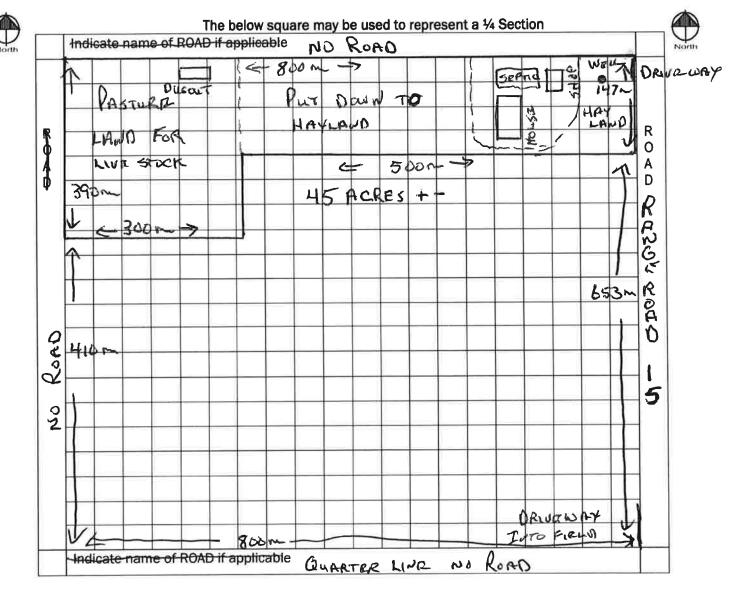

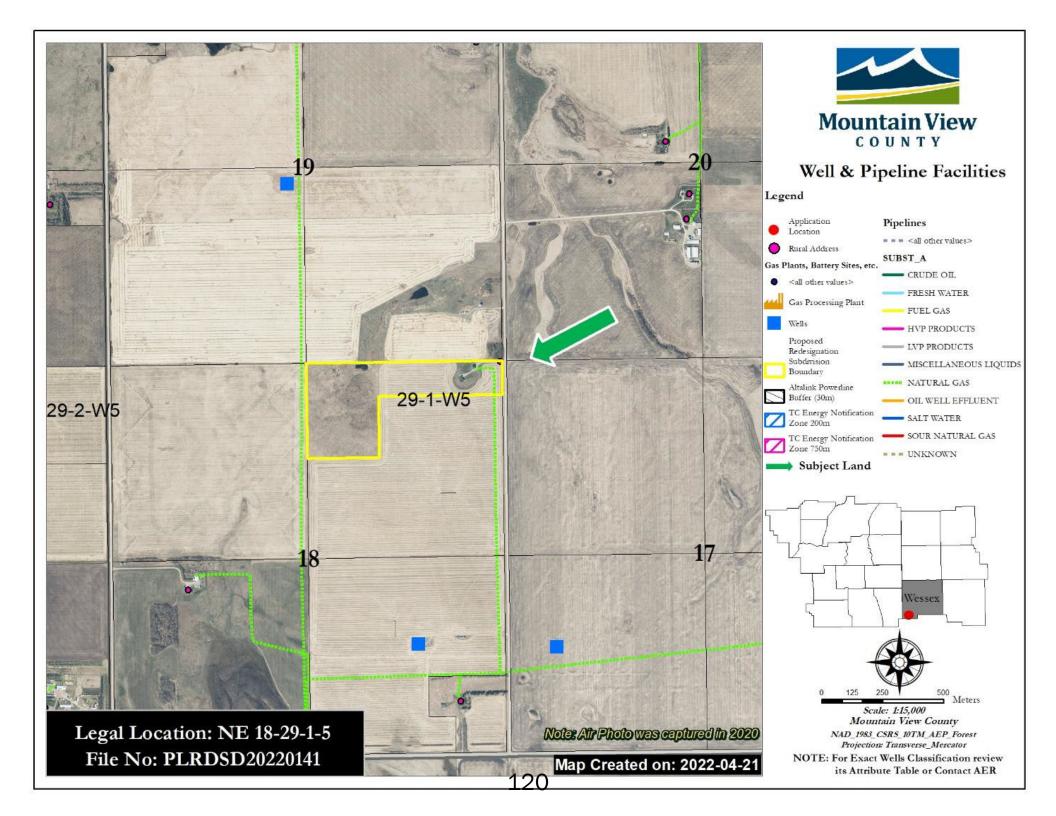

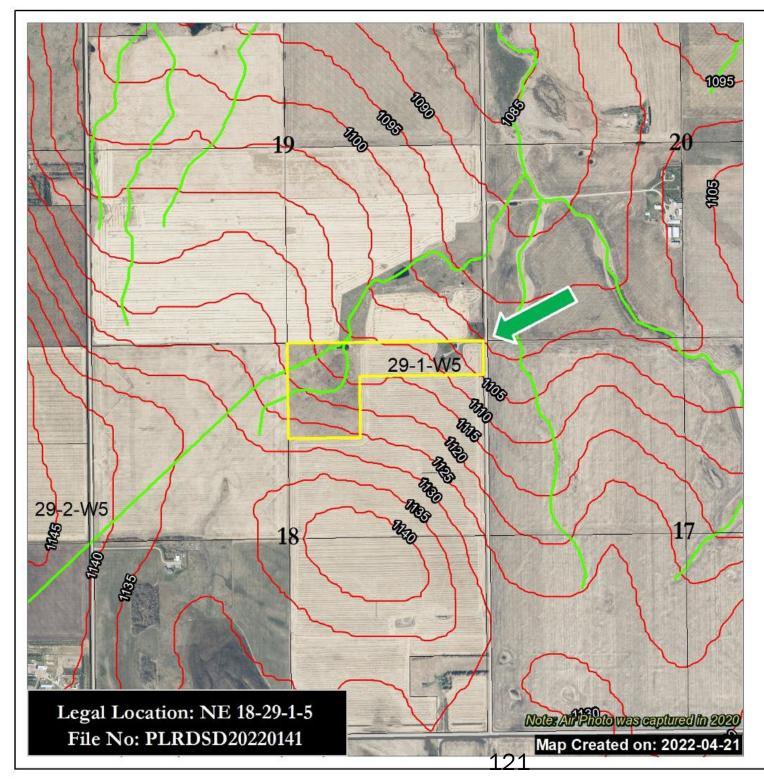

PROPOSED REDESIGNATION/SUBDIVISION SKETCH

The Site Plan must include all of the following information (if applicable) in order for it to be considered complete:

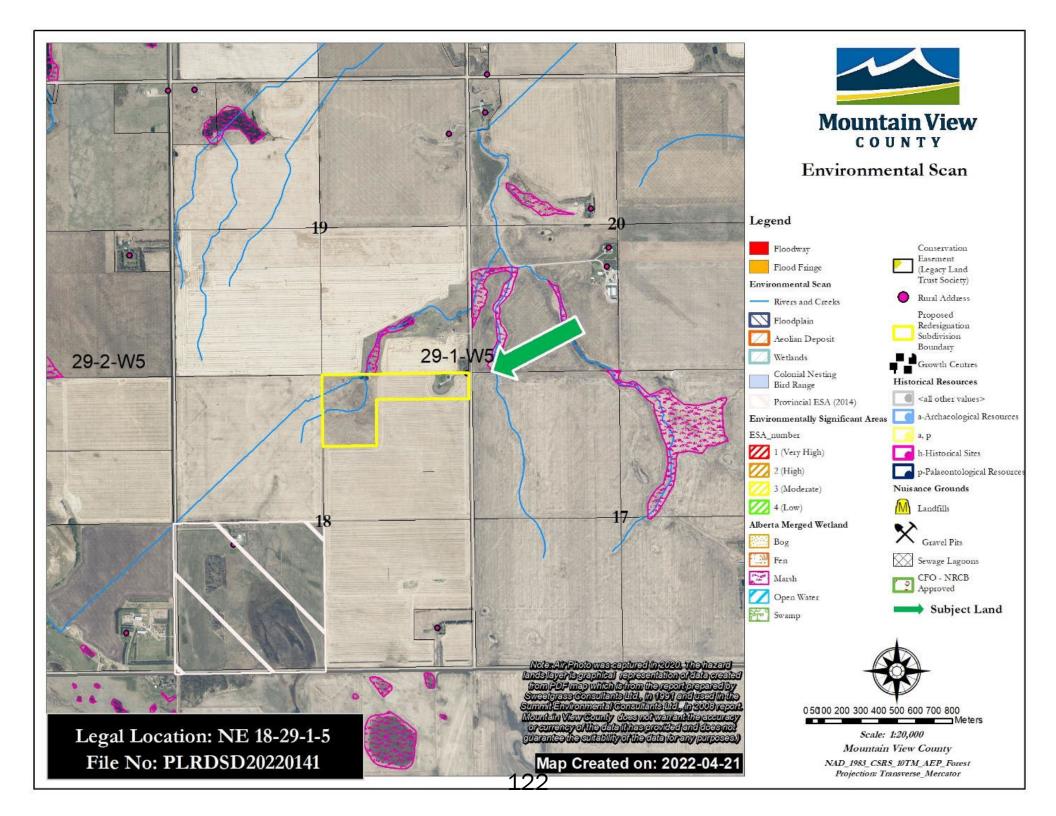

- Location, dimensions, and boundaries of the entire property and of the portion of the property to be redesignated/subdivided;
- Location and dimensions of existing buildings and structures on the property, including distances from property lines. Identify buildings that will be demolished or moved;
- Location and names of proposed and existing roadways, driveways and road approaches;
- Location of existing wells and septic systems;
- Location and description of natural site features such as steep slopes, water bodies or courses, woodlots and shelterbelts;
- Location and description of man made site features such as drainage ditches, wells and private sewage disposal systems, gravel working, etc.;
- Location, dimensions and boundaries of proposed lot boundaries and rights-of-way (if applicable).

SUBJECT: 2022 Tax Sale Date

RECOMMENDATION:

That Council receives the 2022 Tax Sale Date for October 7, 2022 as information and sets the payment terms as cash with a 10% non-refundable deposit on sale day and balance due within 30 days.

ALTERNATIVE OPTIONS:

BACKGROUND:

Each year a Tax Sale Date must be set and advertised. The Tax Sale Date is the date that properties with a tax recovery notification on title will be offered for public auction. Attached is a draft of the advertisement listing the properties subject to tax sale, due to tax arrears. The list of properties will change as the date approaches. What normally happens is that most, and often all, of the property tax arrears are paid in full before the tax sale date.

PREPARED BY: EL REVIEWED BY: LM

MOUNTAIN VIEW COUNTY PUBLIC SALE OF LAND (Municipal Government Act)

Notice is hereby given that under the provisions of the Municipal Government Act, Mountain View County will offer for sale, by public auction, in the office of Mountain View County, on Thursday, October 7, 2022, at 1:00 p.m. the following lands:

Legal	Certificate of Title	Size
Plan 0214342, Block 1, Lot 1 NW-04-34-04-5	101 020734	79.96 Acres
Ptn. SW-10-34-04-5	141 317 202	5.00 Acres
Plan 9010676, Block A SE-18-30-05-5	111 250 961	2.10 Acres
Plan 9913345, Unit 281 SE-03-33-05-5	021 310 523	0.06 Acres
Ptn. SE-28-33-05-5	051 141 099	6.22 Acres
Plan 9112202, Block 1 SE-01-32-29-4	131 308 053	4.50 Acres

Each parcel will be offered for sale subject to a reserve bid and to the reservations and conditions contained in the existing certificate of title.

The land is being offered for sale on an "as is, where is" basis, and Mountain View County makes no representation and gives no warranty whatsoever as to the adequacy of services, soil conditions, land use districting, building and development conditions, absence or presence of environmental contamination, vacant possession, or the development ability of the subject land for any intended use by the Purchaser.

Mountain View County may, after the public auction, become the owner of any parcel of land that is not sold at the public auction.

Terms: Cash – 10% non-refundable deposit on sale day and balance due within 30 days.

Redemption may be affected by payment of all arrears of taxes and costs at any time prior to the sale.

Dated at Didsbury, Alberta June 8, 2022.

Lorianne Marshall Director Corporate Services

Request for Decision

Corporate Services

Date: June 8, 2022

SUBJECT: Lone Pine Clay Target Club Tax Relief

RECOMMENDATION: That Council authorize administration to reduce half of the 2022 municipal portion of the property taxes for Lone Pine Clay Target Club in the amount of \$515.79 for Roll # 2933263000 (SE-26-33-29-W4). This will be refunded if there is no assessment appeal prior to July 15, 2022.

ALTERNATIVE OPTIONS: Council could authorize administration to cancel a different amount or deny the request.

BACKGROUND: Council approved Lone Pine Clay Target Club Tax Relief in the 2022 Budget. From a procedural point of view approving this project gives the organization earlier indication of a reduction in tax. In the past, the club qualified for a property tax exemption under Community Organizations Property Tax Exemption Regulations (COPTER). Now they may apply to Council for a tax reduction through section 347 of the MGA and Council may approve if it is equitable to do so. For the past several years Council has granted this group tax relief by reducing municipal portion of their taxes by 50%. The total property tax levy for the non-residential portion is \$1,473.33 and without school and senior housing requisitions it is \$1,052.64. This results in a tax reduction of \$515.79 for the 2022 tax year after the 1% tax incentive.

It is calculated as follows:

	Total	Municipal & Police	School & Senior Lodging
Property Tax Owing	1,647.05	1,181.73	465.32
Less: Vacant Farmland	(173.72)	(129.09)	(44.63)
Non-Residential	1,473.33	1,052.64	420.69
1% tax incentive	(14.73)	(10.53)	(4.21)
Net Payment	1,458.60	1,042.11	416.48
50% Tax Reduction 1% tax incentive		(526.32) 10.53	
Remaining 50% Tax Reduction	=	(515.79)	

RELEVANT POLICY:

Policy # 1023 - Property Tax Exemptions given under the Community Organization Property Tax Exemption Regulation (Copter) 281/98.

Section 347 of the Alberta Municipal Government Act gives Council the authority to cancel, reduce, refund, or defer the payment of taxes where "Council considers it equitable to do so"

BUDGET IMPLICATIONS: Project CS-22-01 Lone Pine Clay Target Club (LPCTC) Tax Relief (\$550) was included in the 2022 budget.

MAY 1 6 2022 MOUNTAIN . W COUNTY DIDSBURY

From: Lone Pine Clay Target Club C/O J .J. Vasek 60 Diamond St Red Deer, Alberta T4R 1Y4

To: Mountain View County Postal Bag 100 1408 Twp RD 320 Didsbury, Alberta T0M 0W0

Dear Mrs. Marshall:

Find enclosed a cheque in the sum of \$1,458.60 as our share of the taxes on SE-26-33-29-4.

Please note that we have deducted 1% from the original assessment of \$1,473.33 for paying our share of the taxes before 30 June 2022.

Also note that the Lone Pine Clay Target Club leases only that portion described as Non-Residential and is therefore not responsible for the \$173.72 of taxes for that portion classified as Vacant Farm Land.

As there is now a newly elected Council, I would like to request new Council's continued support for the Lone Pine Clay Target Club which is a registered non-profit club. For the past number of years, you have kindly voted to refund one half of our municipal taxes. Your continued support for the Club would be greatly appreciated.

I am prepared to present myself before Council if you so desire if I am notified as to when this request will come before Council

Thank you.

J. J. Vasek Treasurer

Request for Decision

Corporate Services

Date: June 8, 2022

SUBJECT: RFP for Financial Audit Services

RECOMMENDATION: That Council direct administration to issue a Request For Proposals for Financial Audit Services as required by the Municipal Government Act.

ALTERNATIVE OPTIONS: That Council authorize the Audit Committee to review RFP's and make a recommendation back to Council regarding Financial Audit Services proponents.

BACKGROUND:

The Audit Services contract with MNP expired after the preparation of the 2021 Financial Audit. MNP was awarded the contract in 2014 through a Request for Proposal (RFP) process and on September 25, 2019, Council approved an extension of 3 years. Administration proposes to prepare an RFP to be posted on the Alberta Purchasing Connection (APC).

Administration is recommending entering into a 4 year term with an additional option for a further 4 year extension. Council should retain authority for selecting the successful RFP as the Auditors are required to report directly to Council. Council may delegate the review and recommendation of Financial Audit Service proponents to the Audit Committee. Administrative input will either be provided to the Audit Committee or directly to Council.

Operational Services

Date: June 8, 2022

SUBJECT: County Owned Contaminated Sites

RECOMMENDATION: That Council accept the information regarding County owned contaminated sites as information.

ALTERNATIVE OPTIONS:

BACKGROUND:

Operational Services retains an Environmental Consultant to monitor County owned contaminated sites and develop reclamation plans for the end use of these sites. Monitoring and reclamation plans are reviewed annually to meet Provincial regulations, and to ensure that further contamination is not occurring. The County's Consultant, EnviroSearch, is in attendance to provide an update on all sites that are currently being monitored by Operational Services.

Contaminated Sites Review and 2022 Planning Presentation

JUNE 8, 2022

Presentation Overview

- 1. Introduction
- 2. Review of Contaminated Sites
 - History
 - Current Conditions
 - Proposed Work
- 3. Questions

Mountain View County Contaminated Sites

- 1. Sundre Former Operational Services Yard
- 2. Didsbury Operational Services Yard
- 3. Didsbury Salt Yard
- 4. Carstairs County Yard
- 5. Olds Highway Maintenance Yard

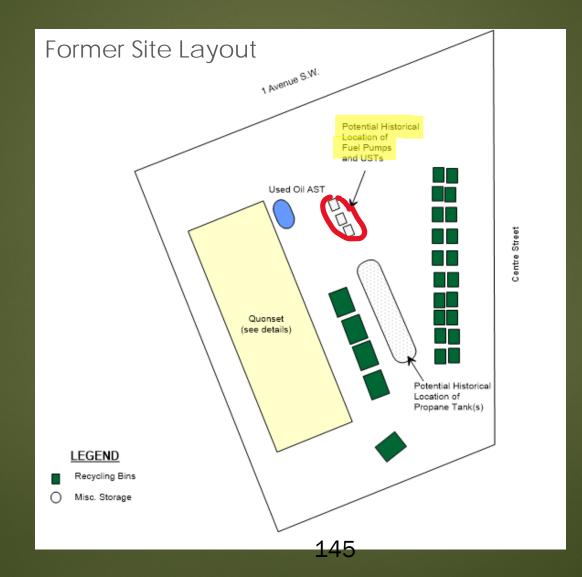

Sundre Former Operational Services Yard

Sundre Former Operational Services Yard

Historical Site Work

- Infrastructure removed
- Environmental site assessments
- Remediation of PHCs
- Annual groundwater sampling
- Risk evaluation (2019)
- Monitoring well decommissioning (2019)

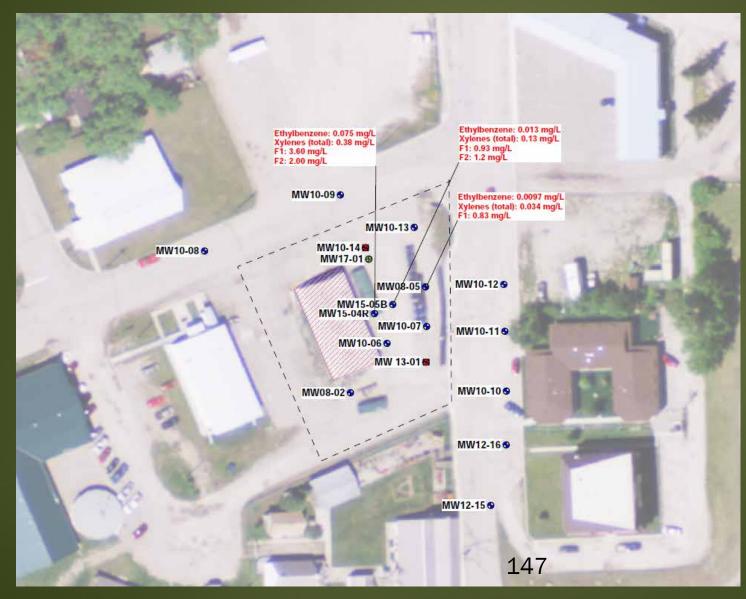

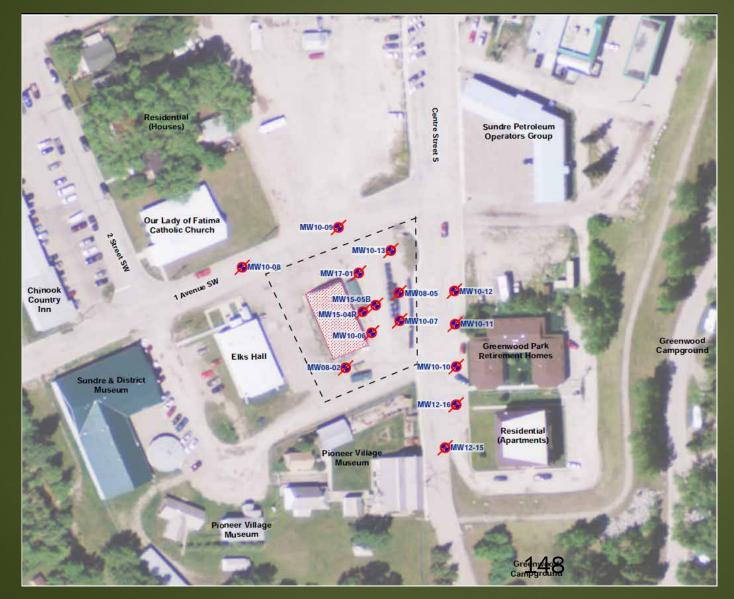

2019 Groundwater Monitoring Results

- Residual PHCs are low risk
- No further action warranted

2019 Monitoring Well Decommissioning

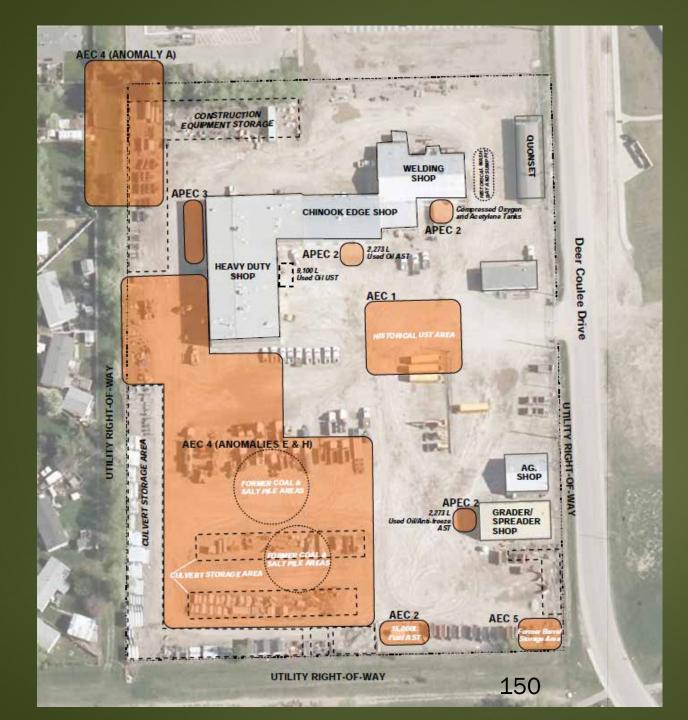

• All wells removed

Current Status - Sundre

- Site vacant
- All monitoring wells decommissioned at the site
- Property saleable with caveat

Didsbury Operational Services Yard

 2007 Areas of Environmental Concern (AEC)

Didsbury Operational Services Yard

Historical Site Work

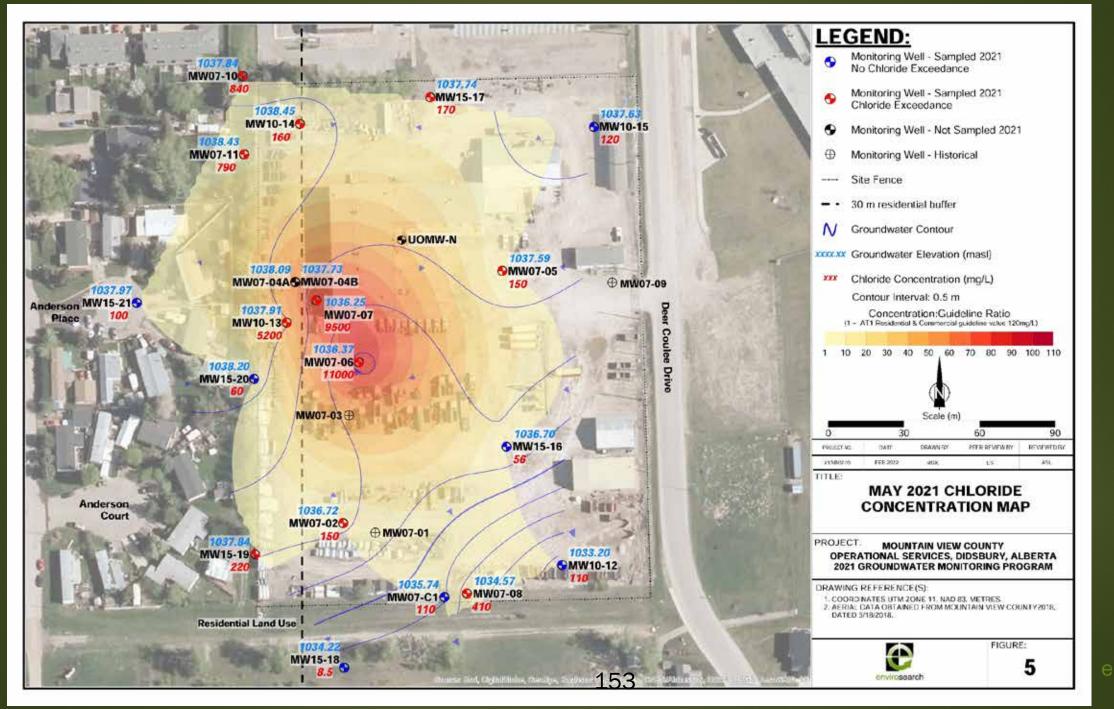

- Former road salt storage
- Former USTs removed 1996
- PHC soil remediated in 2010 (61m³)
- Several environmental site assessments
- Annual/bi-annual groundwater sampling
- Chlorides stable in groundwater

2022 Plan Didsbury Operational Services Yard

- 1. Check monitoring well integrity
- 2. Repairs as needed
- 3. No groundwater sampling until 2023

Didsbury Salt Yard

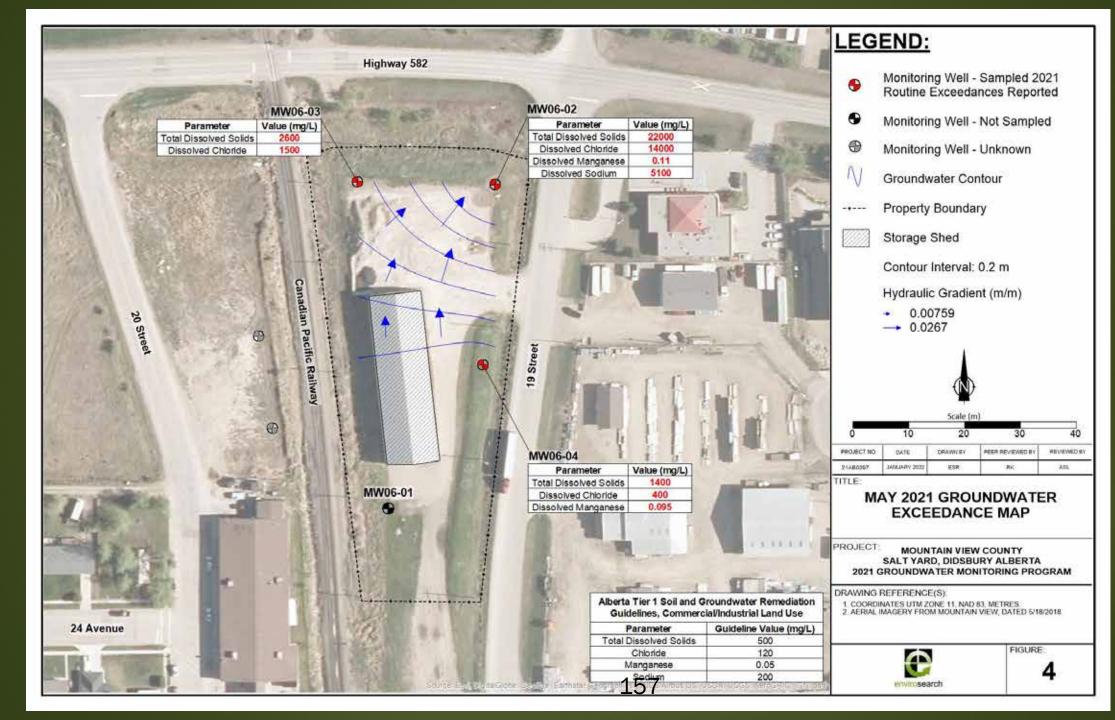

Didsbury Salt Yard

Previous Work:

- Phase 1 ESA 2019
- Previous wells identified onsite
- Groundwater sampling 2019 & 2021

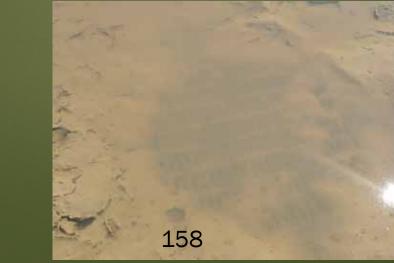

Site Status

- Damaged monitoring well MW06-01
- Plugged/damaged site drainage
- Potential offsite migration

2022 Plan Didsbury Salt Yard

- 1. Decommission and replace one damaged well
- 2. Repair/clean out site drain
- 3. Evaluate offsite receptors and potential migration offsite

Carstairs County Yard

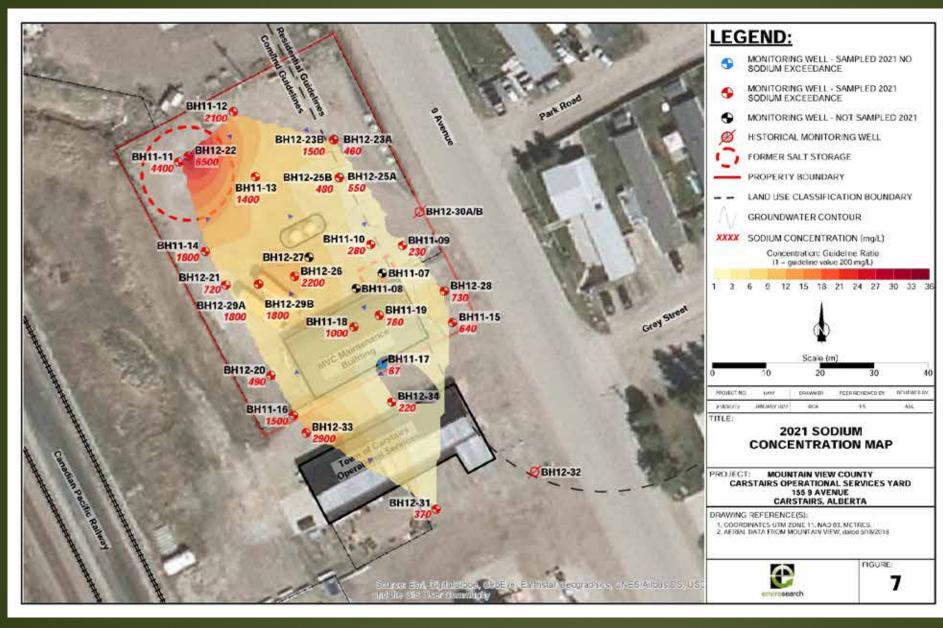

Carstairs County Yard

Previous Work:

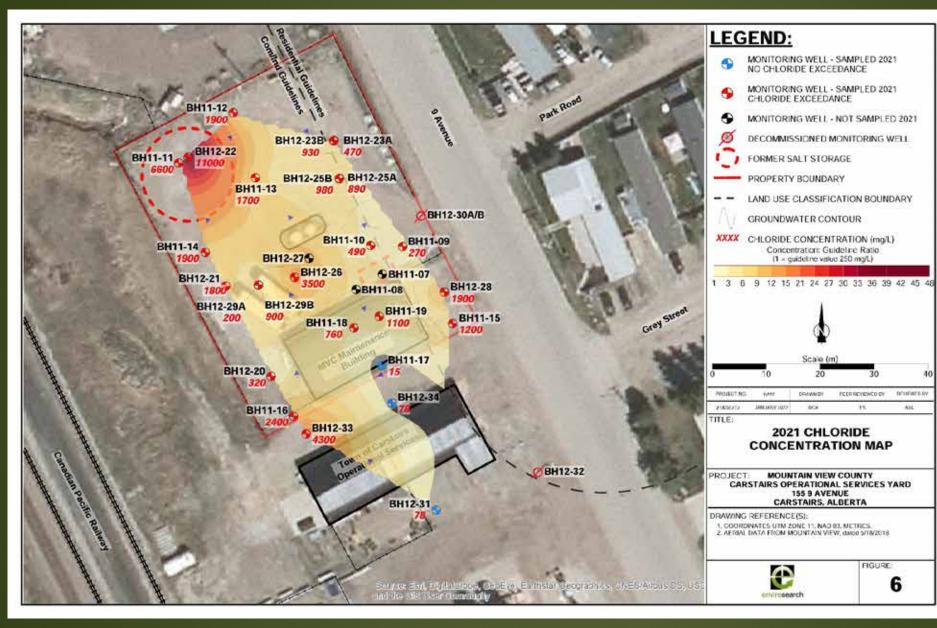

- 1996 Tank Pull 9,100 L UST Diesel? Gasoline?
- Former salt storage in NW corner of yard
- 2010 Phase 1 ESA identified several APECs
- Phase II ESAs in 2011 & 2012 confirmed
- EM Survey showed 2 areas of salt impacts
- Groundwater sampling 2020, 2021
- Groundwater conditions stable

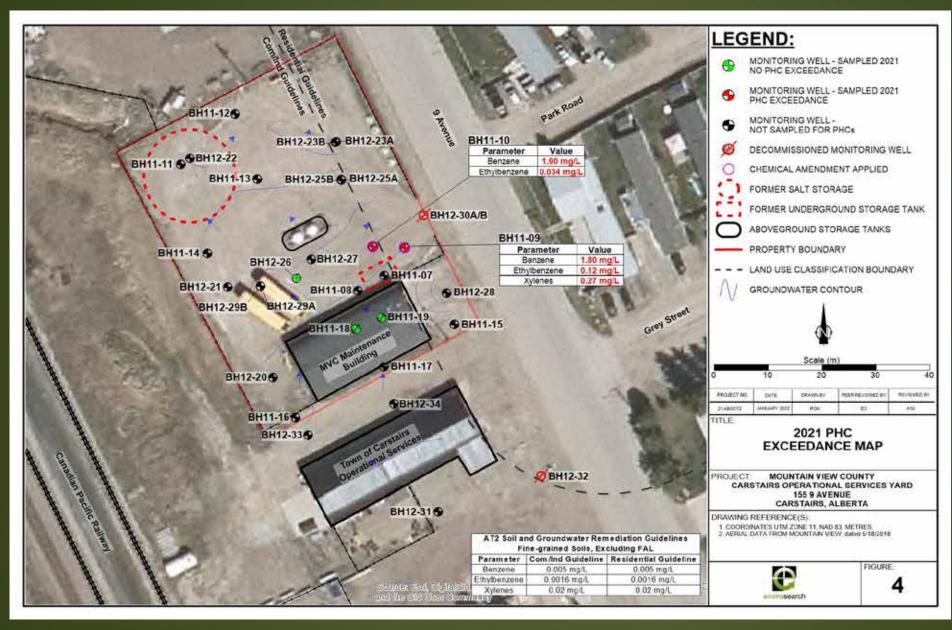

2021 Carstairs County Yard Sodium

2021 Carstairs County Yard Chloride

2021 Carstairs County Yard Petroleum Hydrocarbons

2022 Plan Carstairs

- 1. Assess monitoring well conditions/repair as needed
- 2. Gauge select groundwater wells
- 3. Groundwater sampling for PHCs
- 4. Additional site assessment for PHCs
- 5. Continued localised in-well remediation

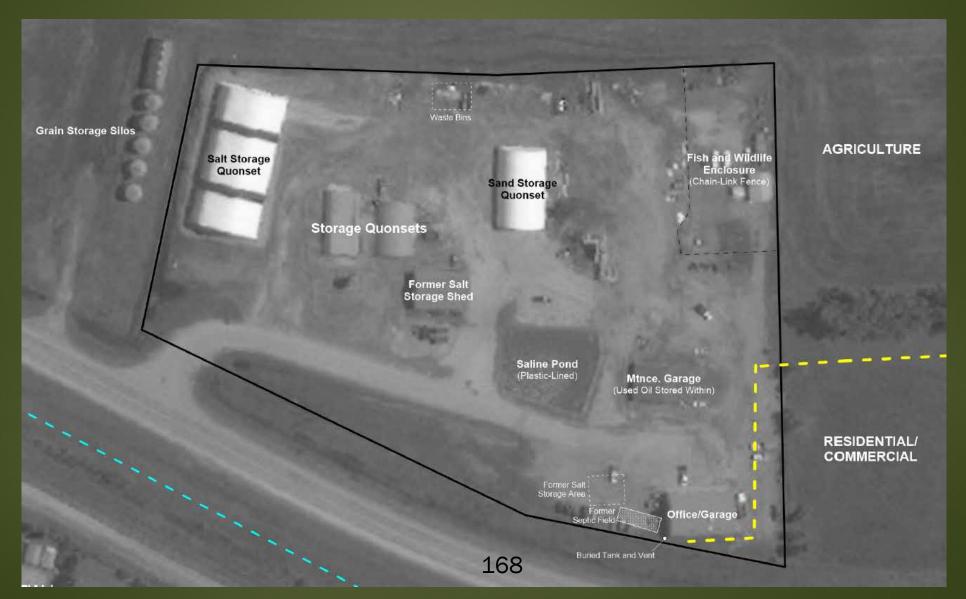

Yard History:

- County bought property from Alberta Infrastructure (AB Transportation) in 2001
- Historically used as maintenance garage and salt storage, mixing, loading
- USTs removed before 1999 and ASTs before 2005
- Salt and sand storage currently inside sheds
- Surface water collection pond

envirosearch

Historical Environmental Work

- Phase II and Phase III ESAs 2000-2004
- EM Survey done in 2001
- Environmental Management Plan 2001
- Risk Management Plans 2004 & 2005
- Groundwater sampling 2016, well repairs and decommissions of damaged wells
- Offsite wells in farmer's field no longer present (2019)

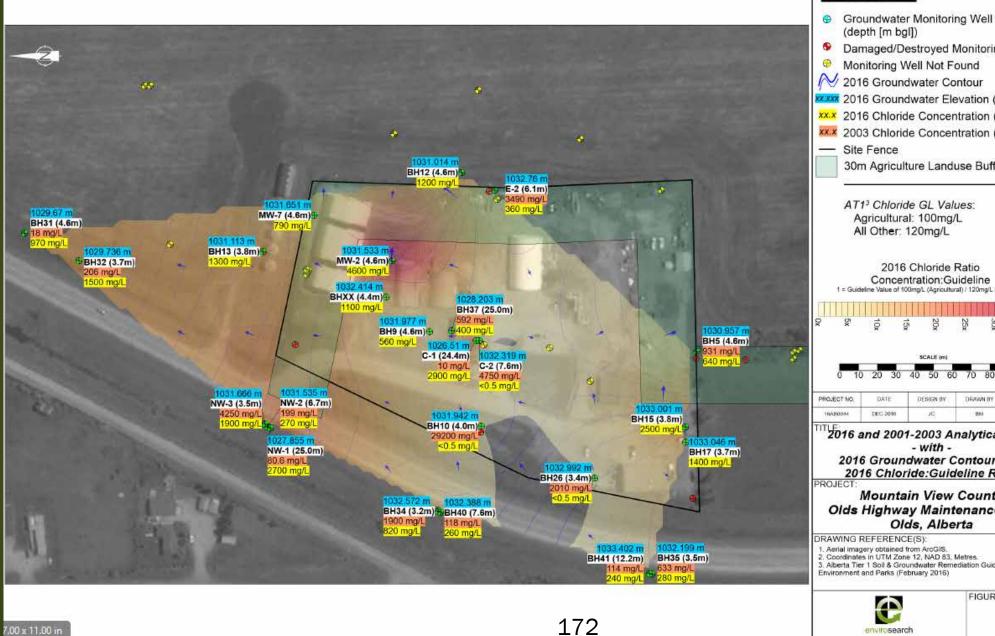

2019 Site Conditions:

- Attempted to located offsite wells in farmer's field
- None found

SUBJECT: Fundraising Golf Tournament Play 4 Sundre Kidz

RECOMMENDATION: That Council approves a sponsorship in the amount of ______ for the Play 4 Sundre Kidz Golf Tournament scheduled for July 23, 2022 to be funded from the Council Grants G/L account.

ALTERNATIVE OPTIONS: That Council receives as information the Play 4 Sundre Kidz Golf Sponsorship request, scheduled for July 23, 2022.

BACKGROUND:

As per County Policy 8003 – Requests for donations more than \$500 must be approved by County Council. Participation will be offered to Councillors first; any remaining spots will be filled at the discretion of the CAO.

The organizers have noted that a board is annually established to review applications received during two intake periods (spring and fall) from applicants both within the Town and County. The funds are used to help offset a portion of the expenses incurred from registration and/or equipment costs and is typically about \$250.00 per application.

Play 4 Sundre Kidz Golf

Play 4 Sundre Kidz Golf Tournament is hosted annually to fundraise for children's opportunity to play sports. Over the last four years they have fundraised over \$30,000.00 for Sundre and Area kids for sports, activities, and equipment.

This year's tournament will be held at the Coyote Creek Golf Course in Sundre on July 23, 2022. They are anticipating 144 golfers, dinner and awards will follow the tournament.

- Sponsorship Levels:
 - o Hole-in-one \$500.00
 - o Sponsor a hole
 - **§** Whole Hole \$500.00
 - S Half Hole \$250.00
- Entry Information:
 - o \$125 per person
 - o \$500 per team
- Fee includes 18 holes, power cart and dinner.

Mountain View County sponsored Play 4 Kidz Sundre Golf in 2021 in the amount of \$1,000.00.

RELEVANT POLICY: <u>#8003 Donations Promotional Items</u>

BUDGET IMPLICATIONS:

Various requests are received throughout the year inviting Council to partake in golf tournaments, as fundraisers.

Budget - \$4,300

Committed: \$750 – Celebration of Ag – Bronze Sponsorship

Play 4 Sundre Kidz Golf

Dear Supporter

Original T's Family Restaurant along with the Moose & Squirrel Medical Clinic are proud to present our annual golf tournament that will fundraise for a child's opportunity to play sports.

We would like to take this opportunity to share with you that we have given out over \$30,000.00 to our Sundre and area kids for sports, activities and equipment over 4 years. We continue to hold registration twice a year to keep on giving back to the kids!

This year's tournament will be held at the Coyote Creek Golf Course in Sundre Alberta on July 23rd, 2022. We anticipate 144 golfers to attend and to support this great fundraiser. There will be dinner, awards to follow the tournament.

This fantastic event has been successful throughout the past years due to the support and participation of our community members and businesses. We have created a variety of sponsorship levels tailored to varying price points.

Sponsorship Levels

- Hole-in-one
- Sponsor a hole Whole hole \$500 Half hole \$250

Entry information:

- \$125 per person
- \$500 per team

Fee includes 18 holes, power cart, dinner, and a full day of fun. Legislative, Community & Agricultural Services

Date: June 8, 2022

SUBJECT: 2021 Intermunicipal Shared Facility Reporting

RECOMMENDATION: That Council receive the 2021 Intermunicipal Shared Facility Funding Report from the Town of Olds as information.

ALTERNATIVE OPTIONS: N/A

BACKGROUND: Mountain View County has agreements with each Urban Partner to provide recreation and culture facilities and programs for rural residents. A component of those agreements requires for each Urban Partner to provide a report to the County that outlines the facilities and/or programs that County contributions were allocated towards.

At the May 25, 2022, Regular Council Meeting, Council received reports that were submitted by all urbans, excluding the Town of Olds. The report from the Town of Olds is now included as attachment one.

RELEVANT POLICY: N/A

BUDGET IMPLICATIONS: County funding is budgeted annually through the Operating Budget process.

Mr. Jeff Holmes, Chief Administrative Officer Mountain View County 1408 – Twp Rd 320 Postal Bag 100 Didsbury, AB T0M 0W0

Dear Mr. Holmes:

Re: Intermunicipal Shared Facility Funding Report

We are pleased to provide you with a breakdown that reports the 2021 financial contribution from Mountain View County to our Town facilities. As per Section 2.5 of our Shared Facility Sub Agreement, the following amounts were applied to each facility:

Aquatic Centre

Total Expenses = \$981,002 MVC Contribution allocated = \$247,031

Sportsplex

Total Expenses = \$1,286,685 MVC Contribution Allocated = \$247,031

Library

MVC Contribution for Library funding of \$46,743 was forwarded directly to the Library Board

We appreciate our partnership with Mountain View County that enables us to be able to provide superior recreational facilities to all our residents. If you require further information, please feel free to contact me.

Sincerely,

erman

SUBJECT: Historical Resources

RECOMMENDATION: That Council receive the Historical Resources reports as information.

ALTERNATIVE OPTIONS:

BACKGROUND:

At the May 25, 2022 Council meeting motion RC22-295 directed Administration to invite a Government of Alberta Representative for a delegation at a future Council meeting to provide information on the 1-5 historical resources rating system and guidance for municipalities and landowners when they discover indigenous artifacts.

The Government of Alberta declined Mountain View County's delegation request, however forwarded the following information:

- The HRV classification system is explained on pages 1-2 of the attached Instructions for Use of the Listing.
- Information about who to contact if a historic resource is discovered is detailed in the attached Standard Requirements under the Historical Resources Act – Reporting the Discovery of Historic Resources.
- Additional information about reporting the discovery of a possible artifact outside of a development activity can be found on this web page: <u>https://www.alberta.ca/report-archaeological-find.aspx</u>

Albertan

Listing of Historic Resources: Instructions for Use

Introduction

In accordance with Section 37(2) of the *Historical Resources Act (HRA),* the Minister responsible for administering the *Act* may require that any proposed activity that is likely to threaten the integrity of a historic resource be preceded by a <u>Historic Resources Impact</u> <u>Assessment</u>.

The *Listing of Historic Resources (Listing)* is a tool that may assist land owners, developers, industry representatives, and municipalities (hereafter referred to as proponents) in determining if a proposed development might affect historic resources. The *Listing* identifies lands that contain or have a high potential to contain historic resources, including archaeological sites, palaeontological sites, Indigenous traditional use sites of a historic resource nature (burials, ceremonial sites, etc.), and/or historic structures.

While the *Listing* can provide proponents with advance notification of possible historic resource concerns, it is not the sole indicator of the need to obtain written *HRA* approval prior to the onset of development activities. Large-scale projects and those with a high level of impact always require *HRA* approval. (See *When and how to using the Listing* on page 2 for more details.)

The *Listing* does **not** yet include all lands that may contain historic resources. When previously unknown historic resources are discovered or high potential areas are identified, their locations are added to the *Listing*.

The *Listing* can be searched using the Online Permitting and Clearance (<u>OPaC</u>) system or the Listing <u>web map application</u> and is available for download in PDF, Excel and ArcGIS formats <u>here</u>. It is updated every spring and fall. Users of the *Listing* are responsible for ensuring that they consult the current edition.

Historic Resource Value (HRV) and historic resource category

Each land parcel in the *Listing* has been assigned a Historic Resource Value (HRV) of 1, 3, 4 and/or 5. The highest level of protection (HRV 1) is afforded to lands that have been designated under the *HRA* as Provincial Historic Resources. An HRV of 1 is also used to identify World Heritage Sites and lands owned by the Ministry¹ for historic resource protection and promotion purposes.

HRVs are defined as follows:

HRV 1: contains a World Heritage site or a site designated under the *HRA* as a Provincial Historic Resource HRV 2: deactivated (formerly used to designate a Registered Historic Resource²)

¹ Refers to the Minstry responsible for administration of the *Historical Resources Act*.

² The category of Registered Historic Resource was eliminated with the passing of Bill 48, *Red Tape Reduction Implementation Act*, 2019.

- HRV 3: contains a significant historic resource that will likely require avoidance
- HRV 4: contains a historic resource that may require avoidance
- HRV 5: high potential to contain a historic resource

Road allowances have the same HRV as lands immediately adjacent (to the south for east-west roads and to the west for north-south roads). This has been calculated into the *Listing*.

Each entry in the *Listing* also includes a letter that describes the **primary** historic resource category of concern, as follows:

- a archaeological
- c cultural
- gl geological
- h historic period
- n natural
- p palaeontological

Activities proposed for lands in the *Listing* are assessed by staff of the Ministry for their potential to affect **any** category of historic resource. For example, an activity proposed for a parcel listed as "p" may also be assessed for its potential to affect archaeological sites.

When submission of a Historic Resources (HR) Application is triggered by the *Listing*, and only a portion of a proposed development area lies within lands contained in the *Listing*, the **entire** project area is subject to review and must be included in the application. In such cases, *Historical Resources Act* requirements may be issued for lands not previously included in the *Listing*.

When and how to use the Listing

The *Listing* provides a list of lands with possible historic resource concerns, but it is only one of several sources of information used by the Ministry to determine the potential threat to historic resources. The process to obtain *Historical Resources Act* approval can vary depending on the project type, so the Ministry has produced industry-specific <u>Land Use Procedures Bulletins</u> to assist proponents in determining the correct procedure. Proponents should refer to the Bulletins to determine application requirements.

In the absence of a Land Use Procedures Bulletin specific to the proposed project type, industry or activity, the proponent is required to submit a Historic Resources Application using the <u>OPaC</u> <u>system</u>.

In addition, when directed to obtain HRA approval by another regulator – municipal, provincial or federal – this direction must be followed regardless of Listing information. This type of direction may be issued as part of a project-specific response (e.g., condition attached to a subdivision or development approval) or may be the result of another regulatory application process (e.g., Public Lands Disposition LAT report).

The following types of projects **always** require the submission of an HR Application:

- projects that require the completion of an Environmental Impact Assessment (EIA)
- projects that require approval by the Canadian Energy Regulator (CER) or Alberta Utilities Commission (AUC)
- projects that are subject to Green Zone historic resource predictive modelling under supervision of the Ministry (primarily forestry activities)
- all developments requiring conservation and reclamation approval by Alberta Environment and Parks or the Alberta Energy Regulator
- projects located within Historic Resource Management Areas, which currently include Dinosaur Provincial Park and World Heritage Site area, Writing-On-Stone Provincial Park area, Fort George Buckingham House area and Majorville Cairn and Medicine Wheel area.
- class I or equivalently sized pipelines, and other pipelines at the discretion of the Minister
- transmission lines and alternative power projects
- transportation developments
- water distribution and diversion projects
- coal and oil sands mines, including related components
- industrial facilities

It is recommended that municipalities and/or developers submit all long-term planning documents, such as Area Structure Plans and Area Redevelopment Plans, for review in an HR Application. The outcome of the review of an application submitted for this purpose will provide the applicant with information about historic resource concerns in the planning area and may offer guidance for developing strategies to address these concerns.

Indigenous Heritage

All projects to be located all or partly within lands identified as HRV 4c in the *Listing* require the submission of an HR Application. Lands classified as HRV 4c contain or are in close proximity to Indigenous traditional use sites. The Ministry routinely requires applicants to avoid these sites or consult with First Nations about potential impacts.

In cooperation with other provincial ministries, the Ministry has implemented the commitments made in the *Government of Alberta's Policy on Consultation with First Nations on Land and Natural Resource Management, 2013.* In the Pre-consultation Assessment stage administered by the <u>Aboriginal Consultation Office</u> (ACO), applicants will be notified if their project intersects with Indigenous traditional use sites included in the *Listing.* If any such sites are present, ACO Approvals Specialists will direct applicants to contact staff of the Indigenous Heritage Section. Applicants should be aware that the Ministry's decisions regarding the adequacy of consultation on Indigenous traditional use site concerns are issued independently of the ACO. Projects that intersect with Indigenous traditional use sites require approval from both the ACO and the Ministry prior to proceeding.

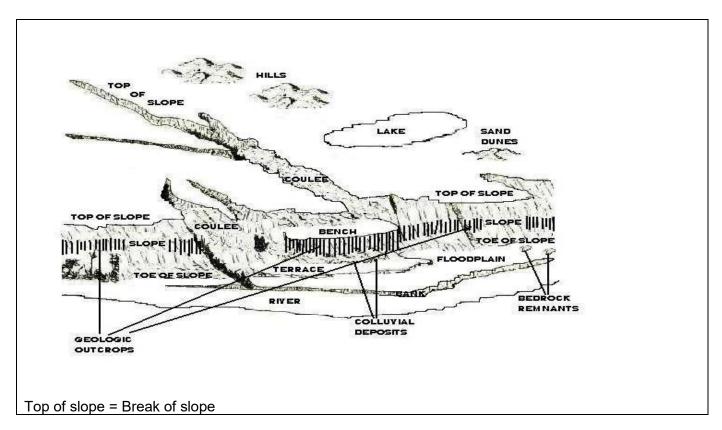

Specific procedures for Indigenous Heritage are available at <u>https://www.alberta.ca/indigenous-heritage-section.aspx/</u>.

Recommended action matrices

The Recommended Action Matrix (RAM) is an additional predictive tool. It can give proponents advance knowledge of the likelihood of a Historic Resources Impact Assessment (HRIA) being necessary prior to the issuance of *Historical Resources Act* approval.

The basic premise of the RAM is that certain combinations of terrain and disturbance features often have the same *Historical Resources Act* requirements. These commonalities occur only for certain types of historic resources and only in certain zones of the province.

The following diagram illustrates the terrain features referred to in the RAM. Applicants are to select the RAM cell that occurs at the intersection of best row/column descriptions of their proposed activity's location. The selected cell indicates the recommended action to follow. (See additional instructions on page 7.)

Terrain features

ARCHAEOLOGICAL RESOURCES RECOMMENDED ACTION MATRIX (RAM)

(only for use on HRV 5a lands in the southern White Zone – see map on p. 9)

Vegetation/Land Use Relationship to top of slope	Native Vegetation (e.g. prairie)	Sparsely or non- vegetated (e.g. sand dunes)	Cultivation, Cropland	Existing Industrial Site
Above the top of slope	HRIA	HRIA	31	31
Above the top of slope, within the local environs of water bodies and watercourses	HRIA	HRIA	see Note	31
Along the valley slope	31	31	31	31
Floodplain, terraces, bench lands	HRIA	HRIA	see Note	31

- HRIA It is highly likely that the Ministry will require that a Historic Resources Impact Assessment be carried out by an archaeologist qualified to hold an Archaeological Research Permit within the Province of Alberta. The applicant must (1) submit an HR Application via OPaC to confirm the requirement, or (2), to save time, contact a qualified consulting archaeologist about obtaining *HRA* approval by carrying out an HRIA in advance of a formal written requirement.
- 31 It is highly likely that the Ministry will issue approval with reference to Section 31 of the *Historical Resources Act*, which states that, should any previously undiscovered historic resources be encountered during the conduct of any activities, the appropriate the Ministry staff must be contacted. The applicant must submit an HR Application.
- Note The outcome cannot be predicted. The applicant must submit an HR application.

PALAEONTOLOGICAL RESOURCES RECOMMENDED ACTION MATRIX (RAM)

(only for use on HRV 5p lands in the southern White Zone – see map on p. 9)

Vegetation/Land Use Relationship to the top of slope	Native Vegetation (e.g. prairie)	Sparsely or non- vegetated (e.g. sand dunes)	Cultivation, Cropland	Existing Industrial Site
Above the top of slope (greater than 25 metres from the top of slope)	31	31	31	31
Above the top of slope (within 25 metres of the top of slope)	see Note	see Note	see Note	31
Along the valley slope	HRIA	HRIA	HRIA	see Note
Floodplain, terraces, bench lands	see Note	see Note	see Note	31

HRIA It is highly likely that the Ministry will require that a Historic Resources Impact Assessment be carried out by a palaeontologist qualified to hold an Palaeontological Research Permit within the Province of Alberta. The applicant must (1) submit an HR Application via OPaC to confirm the requirement, or (2), to save time, contact a qualified consulting palaeontologist about obtaining *HRA* approval by carrying out an HRIA in advance of a formal written requirement.

- 31 It is highly likely that the Ministry will issue *Historical Resources Act* approval with reference to Section 31 of the *Historical Resources Act*, which states that, should any historic resources be encountered during the conduct of any activities, the appropriate Minstry staff must be contacted. The applicant must submit an HR application.
- Note The outcome cannot be predicted. The applicant must submit an HR Application.

Archaeological resources RAM

Applicants may use an Archaeological Resources RAM *only* when the proposed activities are targeted for lands that:

- are located in the southern White Zone of the Province (i.e., not the White Zone in the Peace River Country); **and**,
- have a value of 5 in the HRV column of the *Listing*; and,
- have an "a" in the Category column of the *Listing*.

Palaeontological resources RAM

Applicants may use a Palaeontological Resources RAM *only* when the proposed activities are targeted for lands that:

- are located in the southern White Zone of the Province (i.e., not the White Zone in the Peace River Country); **and**,
- have a value of 5 in the HRV column of the *Listing*; **and**,
- have a "p" in the "Category" column of the *Listing*.

The Palaeontological Resources RAM cannot be used if the proposed development occurs within the Manyberries Badlands Environmentally Significant and Sensitive Area. Any development proposal in these areas requires special examination by Ministry staff at the Royal Tyrrell Museum of Palaeontology and therefore requires the submission of an HR Application. The following table provides a list of the lands in the Manyberries region that are excluded from the use of the Palaeontological Resources RAM.

Applying for *Historical Resources Act* approval for development projects

The flow of information and conduct of development project reviews are managed primarily through the OPaC system. HR Applications submitted by proponents or their representatives are reviewed by staff of the Ministry to determine if the development can proceed immediately or if additional studies are required prior to approval. The Minister of Culture has delegated the authority for issuing requirements and approvals under Section 37(2) of the *Historical Resources Act* to the Assistant Deputy Minister of the Heritage Division. Required studies may take a variety of forms, which will be outlined in a response issued via the OPaC system. *Historical Resources Act* requirements ultimately moves the project towards approval. This approval, whether provided at the outset or after studies are completed, also is issued directly through OPaC.

Chance discoveries of historic resources

Developers are required to comply with Section 31 of the *Historical Resources Act*, which reads:

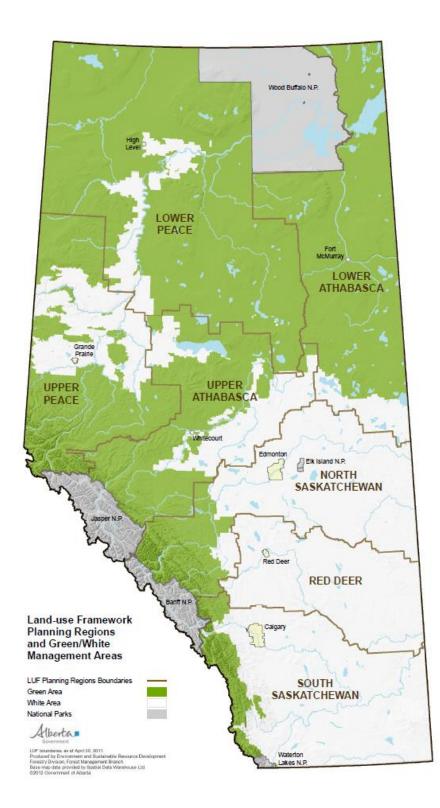

A person who discovers an historic resource in the course of making an excavation for a purpose other than for the purpose of seeking historic resources shall forthwith notify the Minister of the discovery.

Where there will be little or no further impact from the excavation activity on the historic resource, applicants reporting a chance discovery will not be responsible for conducting Historic Resources Impact Assessments or other studies to clarify the nature and extent of the historic resource.

For more information and appropriate contacts, please refer to <u>Standard Requirements</u> <u>under the Historical Resources Act: Reporting the Discovery of Historic Resources</u>.

Questions?

If you require additional information or have any questions on how to use the *Listing of Historic Resources*, please contact the <u>Manager, Regulatory Approvals and Information</u> <u>Management</u>, Historic Resources Management Branch.

Albertan

STANDARD REQUIREMENTS UNDER THE *HISTORICAL RESOURCES ACT*: REPORTING THE DISCOVERY OF HISTORIC RESOURCES

If development proponents and/or their agents become aware of historic resources during the course of development activities, they are required, under Section 31 of the *Historical Resources Act*, to report these discoveries to the Heritage Division of Alberta Culture and Status of Women. This requirement applies to all activities in the Province of Alberta.

1.0 REPORTING THE DISCOVERY OF ARCHAEOLOGICAL RESOURCES

The discovery of archaeological resources is to be reported to Darryl Bereziuk, Director, Archaeological Survey, at 780-431-2316 (toll-free by first dialing 310-0000) or <u>darryl.bereziuk@gov.ab.ca</u>.

2.0 REPORTING THE DISCOVERY OF PALAEONTOLOGICAL RESOURCES

The discovery of palaeontological resources is to be reported to Dan Spivak, Head, Resource Management, Royal Tyrrell Museum of Palaeontology, at 403-820-6210 (toll-free by first dialing 310-0000) or <u>dan.spivak@gov.ab.ca</u>.

3.0 REPORTING THE DISCOVERY OF HISTORIC PERIOD SITES

The discovery of historic structures to be reported to Rebecca Goodenough, Manager, Historic Places Research and Designation Program, at 780-431-2309 (toll-free by first dialing 310-0000) or <u>rebecca.goodenough@gov.ab.ca</u>. Please note that some historic structure sites may also be considered Aboriginal traditional use sites.

4.0 REPORTING THE DISCOVERY OF ABORIGINAL TRADITIONAL USE SITES

The discovery of any Aboriginal traditional use site that is of a type listed below is to be reported to Valerie Knaga, Director, Aboriginal Heritage Section, at 780-431-2371 (toll-free by first dialing 310-0000) or <u>valerie.k.knaga@gov.ab.ca</u>.

Aboriginal Traditional Use sites considered by Alberta Culture and Status of Women to be historic resources under the *Historical Resources Act* include:

Historic cabin remains; Historic cabins (unoccupied); Cultural or historical community camp sites;

Albertan

STANDARD REQUIREMENTS UNDER THE HISTORICAL RESOURCES ACT: REPORTING THE DISCOVERY OF HISTORIC RESOURCES

Ceremonial sites/Spiritual sites; Gravesites; Historic settlements/Homesteads; Historic sites; Oral history sites; Ceremonial plant or mineral gathering sites; Historical Trail Features; and, Sweat/Thirst/Fasting Lodge sites

5.0 FURTHER SALVAGE, PRESERVATIVE OR PROTECTIVE MEASURES

If previously unrecorded historic resources are discovered, proponents may be ordered to undertake further salvage, preservative or protective measures or take any other actions that the Minister of Culture considers necessary.

January 26, 2022

Sgt Trent Sperlie Detachment Commander Sundre, Alberta

Mountain View County,

Please find attached the quarterly Community Policing Report for Sundre Detachment. This report serves to provide an overview of the human resources, financial data, and crime statistics for the January 1st to March 31st, 2022 reporting period. Community engagement remains a top priority for the Alberta RCMP, and the consistent delivery of these quarterly reports is but one of a number of projects we have underway. Our Body Worn Camera program and our new mobile app for iOS and Android devices are two other initiatives that ensure we remain transparent and accountable to you for the work we do.

Body Worn Cameras increase the transparency of police interactions with citizens. Included in this Community Policing Report package is an updated overview on Body Worn Cameras, which will enter into a field test phase later this year. As mentioned in previous correspondence, the Federal Government recognizes that this was not in the multi-year financial plans for Contract Partners, and thus has agreed to fund the first 3 years of the roll-out. This has allowed some time for Contract Partners to factor this into their future planning processes (i.e. MYFP). As we are currently awaiting the vendor procurement process to finalize, we are unable to provide community-specific cost estimates. Once costing is confirmed, we will provide financial forecasting to our communities with Municipal Policing Service Agreements.

Alberta RCMP has launched a new mobile app for iOS and Android devices, that allows for Albertans to access information without delay. The app is available as a free download through <u>Apple</u> or <u>Google Play</u>, and will provide your community members with online access to news, crime reporting, detachment locations, crime mapping and statistics. The app also contains links to partner law enforcement services, mental health supports, Crime Stoppers and connects to Alberta RCMP social media accounts. Even though the app provides convenient links to Alberta RCMP social media accounts, it will not replace other methods of crime reporting, engagement, or emergency assistance. I solicit your support to remind all of your community members that social media posts or use of other third-party crime apps are not

appropriate ways to report a crime. The Alberta RCMP app complies with Canadian privacy laws for mobile apps set out by the Office of the Privacy Commissioner of Canada and the Office of the Information and Privacy Commissioner of Alberta and will not track or monitor users in any way.

The attached reporting and attachments, along with your valued feedback and guidance, will reinforce your policing priorities and help ensure we are meeting the growing and shifting demands of your community. As the Chief of Police in your community, I sincerely appreciate and encourage you to reach out with any questions or concerns.

Sincerely, Trent SPERLIE Reg #46592

Sgt Trent Sperlie Detachment Commander Sundre RCMP

Community Priorities

Priority	y 1	Crime	Reduction
	, -	••••••	

The detachment continues to pursue this priority from the front end by targeting prolific offenders. The members have been very successful in preventing property crimes by giving their attention to known property offence offenders that are in our area. Several arrests have been made for breaching conditions. In one particular file there were 14 breach charges and several possession of stolen property charges before the offender was actually held into custody. Members have recovered stolen property including a stolen truck and two stolen **Current Status &** side by sides. All of this property was from the Sundre area. Overall we are holding steady Results with a slight decrease in property crime. Although the stats show a 30% increase from 2018 to 2022, this is a result of a statistic of 350% increase in theft over. However, when you look at that statistic closely in 2018 there were only 2 incidents where in 2022 there are 9. Due to the numbers being so "statistically" low (ie they aren't large enough to do a proper statistical analysis) the overall final number gets a little skewed. None the less, property crime is still the main priority for this detachment and we will continue to target known offenders and use technology to help detect crime when it is happening.

Priority 2	Increased Visibility
Current Status & Results	We have been able to put some effort into this now especially with the school visits and in person Town Halls / Community Engagement Events. We have had 3 engagements in the current fiscal with 2 more already planned. The members have also been able to spend much more time at the school (walk throughs, in class talks and recently the Party Program). We expect even more in person events at the school and more in crime prevention talks. The members continue to be visible in the rural and municipal areas during the times of the most importance during patrols.

Priority 3	Traffic Enforcement
Current Status & Results	Traffic enforcement decreased somewhat this quarter and was expected due to the effort members are putting into being out targeting prolific offenders as well as coordinating patrols in areas of high risk for property crime (these areas aren't high traffic areas). Traffic isn't viewed as a non-issue but I am taking a different approach so that members target time spent on traffic duties to areas that have specific traffic concerns to address specific problems in contrast to the false sense of success through ticket volume.

¹ Data extracted from a live database (PROS) and is subject to change over time.

Trends/Points of Interest

The statistics still show property crime as being the number one priority and this is evident during the Town Halls I have been to recently. Although property crime is a concern of most citizens the common topic that is coming up at the town halls is the "revolving door" once we get the offenders into the system. This by far is the most significant concern brought up at the Town Halls.

Provincial Police Service Composition²

Staffing Category	Established Positions	Working	Soft Vacancies ^³	Hard Vacancies⁴
Police Officers	8	8	0	0
Detachment Support	2	2	0	0
2 Data avtracted on March 21st 2022	and is subject to shange over time			

2 Data extracted on March 31st, 2022 and is subject to change over time.

3 Soft Vacancies are positions that are filled but vacant due to maternity/paternity leave, medical leave, etc. and are still included in the overall FTE count. 4 Hard Vacancies reflect positions that do not have an employee attached and need to be filled.

Comments

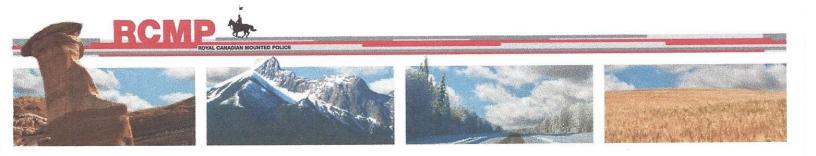

Police Officers - Of the 8 established positions, there are 8 officers currently working. Detachment Support - Of the 2 established support positions, there are 2 working.

Quarterly Financial Drivers

There are no significant concerns with the budget during this quarter. We have identified overtime as using a significant amount of the 2021-2022 fiscal budget and we have taken steps to mitigate that cost through schedule change and different approach to when OT members are required.

May 23, 2022

S/Sgt. Warren Wright Detachment Commander Olds, Alberta

Dear Reeve Angela Aalbers,

Please find attached the quarterly Community Policing Report for Olds Detachment. This report serves to provide an overview of the human resources, financial data, and crime statistics for the January 1st to March 31st, 2022 reporting period. Community engagement remains a top priority for the Alberta RCMP, and the consistent delivery of these quarterly reports is but one of a number of projects we have underway. Our Body Worn Camera program and our new mobile app for iOS and Android devices are two other initiatives that ensure we remain transparent and accountable to you for the work we do.

Body Worn Cameras increase the transparency of police interactions with citizens. Included in this Community Policing Report package is an updated overview on Body Worn Cameras, which will enter into a field test phase later this year. As mentioned in previous correspondence, the Federal Government recognizes that this was not in the multi-year financial plans for Contract Partners, and thus has agreed to fund the first 3 years of the roll-out. This has allowed some time for Contract Partners to factor this into their future planning processes (i.e. MYFP). As we are currently awaiting the vendor procurement process to finalize, we are unable to provide community-specific cost estimates. Once costing is confirmed, we will provide financial forecasting to our communities with Municipal Policing Service Agreements.

Alberta RCMP has launched a new mobile app for iOS and Android devices, that allows for Albertans to access information without delay. The app is available as a free download through <u>Apple</u> or <u>Google Play</u>, and will provide your community members with online access to news, crime reporting, detachment locations, crime mapping and statistics. The app also contains links to partner law enforcement services, mental health supports, Crime Stoppers and connects to Alberta RCMP social media accounts. Even though the app provides convenient links to Alberta RCMP social media accounts, it will not replace other methods of crime reporting, engagement, or emergency assistance. I solicit your support to remind all of your community members that social media posts or use of other third-party crime apps are not

appropriate ways to report a crime. The Alberta RCMP app complies with Canadian privacy laws for mobile apps set out by the Office of the Privacy Commissioner of Canada and the Office of the Information and Privacy Commissioner of Alberta and will not track or monitor users in any way.

The attached reporting and attachments, along with your valued feedback and guidance, will reinforce your policing priorities and help ensure we are meeting the growing and shifting demands of your community. As the Chief of Police in your community, I sincerely appreciate and encourage you to reach out with any questions or concerns.

Sincerely,

S/Sgt. Warren Wright

Detachment Commander Olds RCMP Detachment

Community Priorities

Priority 1	Habitual Offender Management - Curfew and Conditions Checks
Current Status & Results	Two offenders identified residing within Mountain View County inside the Olds Detachment area were identified as possessing enforceable court imposed conditions this past Quarter. Four documented compliance checks on those two offenders were completed.
Priority 2	Increase Visibility - Patrols in Mountain View County
Current Status & Results	Random patrols undertaken throughout the County as well as patrol presence while responding to calls for service. However, no specific joint patrols or enforcement projects with the County CPOs were undertaken this past Quarter 4.
Priority 3	Increase Traffic Enforcement
Current Status & Results	Traffic Enforcement: 342 moving and non moving violation tickets issues within the County area which included the 3 Provincial Highways. However, only 12 tickets were written in Mountain View County on County owned / maintained public roadways. Impaired Driving: 4 impaired driving complaints total were reported with only 1 resulting in immediate roadside sanctions (Provincial). Only 1 of the complaint stemmed from Mountain View County on County owned public roadways the other 3 were on Provincial highways.

Police Officers - Of the 5 established positions, 3 officers are currently working with 2 on special leave (1 parental and 1 gradual return to work).

Detachment Support - The 2 established support positions are currently filled and working.

Quarterly Financial Drivers

May 27, 2022

Reeve Angela Aalbers Mountain View County

Dear Reeve Aalbers,

Please find attached the quarterly Community Policing Report for Didsbury. This report serves to provide an overview of the human resources, financial data, and crime statistics for the January 1st to March 31st, 2022 reporting period. Community engagement remains a top priority for the Alberta RCMP, and the consistent delivery of these quarterly reports is but one of a number of projects we have underway. Our Body Worn Camera program and our new mobile app for iOS and Android devices are two other initiatives that ensure we remain transparent and accountable to you for the work we do.

Body Worn Cameras increase the transparency of police interactions with citizens. Included in this Community Policing Report package is an updated overview on Body Worn Cameras, which will enter into a field test phase later this year. As mentioned in previous correspondence, the Federal Government recognizes that this was not in the multi-year financial plans for Contract Partners, and thus has agreed to fund the first 3 years of the roll-out. This has allowed some time for Contract Partners to factor this into their future planning processes (i.e. MYFP). As we are currently awaiting the vendor procurement process to finalize, we are unable to provide community-specific cost estimates. Once costing is confirmed, we will provide financial forecasting to our communities with Municipal Policing Service Agreements.

Alberta RCMP has launched a new mobile app for iOS and Android devices, that allows for Albertans to access information without delay. The app is available as a free download through <u>Apple</u> or <u>Google Play</u>, and will provide your community members with online access to news, crime reporting, detachment locations, crime mapping and statistics. The app also contains links to partner law enforcement services, mental health supports, Crime Stoppers and connects to Alberta RCMP social media accounts. Even though the app provides convenient links to Alberta RCMP social media accounts, it will not replace other methods of crime reporting, engagement, or emergency assistance. I solicit your support to remind all of your community members that social media posts or use of other third-party crime apps are not

appropriate ways to report a crime. The Alberta RCMP app complies with Canadian privacy laws for mobile apps set out by the Office of the Privacy Commissioner of Canada and the Office of the Information and Privacy Commissioner of Alberta and will not track or monitor users in any way.

The attached reporting and attachments, along with your valued feedback and guidance, will reinforce your policing priorities and help ensure we are meeting the growing and shifting demands of your community. As the Chief of Police in your community, I sincerely appreciate and encourage you to reach out with any questions or concerns.

Sincerely,

Staff Sergeant Stephen Browne Commander Didsbury Detachment

2022/03/09	Deputy Reeve - MVC	View County police advisor the Mayor of	ce with the Deputy Reeve of Mountain to discuss the proposed changes to ry committee which is being chaired by Didsbury. Also discussed MVC 2022/23 plan as outlined by the county and RMA ints.
	Delete Last Community Co	onsultation	Add Additional Community Consultation

Community Priorities

Priority 1	Habitual Offender Management - Relentless curfew and conditions checks
Current Status & Results	Mountain View County currently only has one habitual offender that Didsbury members continuously monitor. One breach charge on this offender occurred in the month of March for failing to comply with release order. Curfew checks are conducted regularly on all habitual offenders. Didsbury Detachment will continue to work with probation to ensure any offenders moving into Mountain View County will be monitored by members and made aware of conditions or release orders.
Priority 2	Increase Visibility - Patrols in MVC
Current Status & Results	Numerous patrols were made in the Cremona, Water Valley and remaining MVC area this reporting period resulting in traffic violations being issued and several Immediate Roadside Alcohol Sanctions against drivers.
Priority 3	Increase Traffic Enforcement
Current Status & Results	Airdrie and Innisfail traffic units continue to conduct enforcement in the Didsbury Detachment area. 373 Violations issued within Didsbury's AOR within Mountain View County, 28 of those violations were issued by Didsbury Detachment members.

3 Soft Vacancies are positions that are filled but vacant due to maternity/paternity leave, medical leave, etc. and are still included in the overall FTE count. 4 Hard Vacancies reflect positions that do not have an employee attached and need to be filled.

Comments

Police Officers - Of the 10 established positions, there are 10 officers currently working and 1 officer is on parental leave and the position is backfilled.

Detachment Support - The 2 of the 3 established support positions are filled. The AS-02 position is currently vacant and is being filled in the interim by the senior CR-05. This vacancy is expected to extend into November 2022.

Body-worn cameras for RCMP officers

The Royal Canadian Mounted Police (RCMP) is committed to ensuring that Canadians feel protected by, and have trust in their national police force. Body-worn cameras can help to increase the trust between police and the communities they serve.

- front-line RCMP officers will soon be wearing body-worn cameras.
- between 10,000-15,000 body-worn cameras will be deployed to contract and federal police officers who interact with communities, across Canada's rural, urban and remote locations.
- the video evidence collected will provide an independent, unbiased, and objective way to capture interactions between the community and police officers.
- work is ongoing to acquire body-worn cameras and a Digital Evidence Management System (DEMS) to support a nation-wide rollout of camera as as quickly as possible.
- a field test, with up to 300 cameras will take place in three different Divisions of the RCMP - Alberta (K Division), Nova Scotia (H Division), Nunavut (V Division). The testing will take place in northern/remote, rural, and urban settings.

Your input is important

We have been meeting with various organizations, groups and community members across Canada to introduce body-worn cameras, and to better understand their concerns.

If you are interested in being part of the conversation, contact us at:

How body-worn cameras support police and communities:

- ✓ more timely resolutions of complaints
- ✓ improved evidence gathering
- ✓ enhanced transparency and accountability for police
- ✓ improved police and public behaviour

Officers will activate their body worn cameras during calls for service, including:

- ✓ mental health calls
- ✓ interactions with people in crisis
- ✓ crimes in progress
- ✓ for investigations
- ✓ public disorder and protests
- ✓ to record information to support the performance of their duties

When possible, officers will let you know when the camera is recording.

The decision to turn on a body-worn camera will happen before the officer arrives at a call for service.

Policy and training will provide the guidance required for officers using body-worn cameras.

Body-worn cameras are not intended to be used for the purpose of:

- ✓ 24 hour recording
- ✓ surveillance
- \checkmark $\,$ when intimate searches are conducted
- \checkmark areas with a high expectation of privacy

June 2023 Deadline to Complete Joint Use and Planning Agreements

The *Municipal Government Act* (MGA) requires municipalities to enter into joint use and planning agreements (JUPAs) with school boards operating within their municipal boundaries or those that may commence operations in the future. JUPAs are a formal partnership between a municipality and school board to enable the integrated, long-term planning of school sites on municipal reserve (MR), school reserve (SR), and municipal and school reserve (MSR) land.

ANNOUNCEMENTS

RhPAP: May 30 to June 3, 2022 is Alberta Rural Health Week

The Rural Health Professions Action Plan (RhPAP) annual **Alberta Rural Health Week (ARHW)** celebration is coming up May 30 to June 3, 2022. With everything that has been going on during the past year, ARHW is an opportunity to share some positivity and to say thank you to the heroes who go above and beyond to support health care and health professionals in their communities.

Esri Canada Releases Free App to Help Municipalities Get Ready for NG9-1-1

Esri Canada recently **released the NG9-1-1 GIS Validator online app** to assist Canadian municipalities in meeting Canada's new location data requirements for 9-1-1. This free app and service lets municipalities, regional data aggregators and emergency services data providers take the first step in quickly comparing their location and geographic information system (GIS) data to the new National Emergency Number Association (NENA) data specifications.
